Preface

THE purpose in the preparation of this work is to provide an efficient service on valuable and worthless securities and to continue the traditions of Marvyn Scudder & Company, Inc.

The first edition was originally published in 1926 by the late Marvyn Scudder. Because of the enthusiastic reception given the book, another edition, Volume II, was published in 1928, and Volume III in 1930. There are approximately 100,000 different corporations listed in each book. In the first three volumes the information relating to forfeiture of charters was presented in paragraph form; whereas, in the fourth volume, which contains 250,000 additional corporations, and an index to the previous volumes, the data was condensed into tabular form. The same plan was followed in Volume V, 1937.

I had originally planned to publish Volume VI, 1938, with information on one hundred thousand corporations not listed in the first five volumes, but for the convenience of my clients, I have merged Volume V with Volume VI making a total of two hundred thousand corporations—all arranged alphabetically. This information was compiled from the records in the Marvyn Scudder Financial Library, the largest collection of its kind in the world, from the private files of Marvyn Scudder & Company, Inc. and from my personal records of valuable and worthless securities, which I have been accumulating for the past thirteen years. The latter information has not heretofore been available to the public.

While largely a list of corporations that have passed out of existence, this Volume contains reports on thousands of little-known, dormant and

inactive corporations, mergers, reorganizations, changes of names, companies that have revived their charters, and information establishing the year securities became worthless for income and estate tax purposes. In addition, the book contains the actual liquidating or decree values of thousands of supposedly worthless securities, companies in the process of liquidation, and securities that have matured or were called, but which have not been presented for collection. In each case I have given the name of the company, class of security, its value and source of collection, and/or information showing that the securities may have some equity or exchange value.

I do not pretend, however, to give a complete list of valuable and worthless securities, but I do believe that the manuals contain most of the companies whose securities were most widely distributed.

My grateful acknowledgments are made to Columbia University, the Marvyn Scudder Financial Library and the Estate of Marvyn Scudder, whose loyal cooperation has made possible the publication of Volumes V and VI.

Acme Lead & Zinc Co. The Acme Lead & Zinc Co. was incorporated under the laws of the State of Missouri, and is located at Webb City, Missouri. Mr. W. W. Wample of Webb City, informed us that the company owns 620 acres of land that at one time had a value as mineral land, but on account of the slump in lead and zinc it has no value now except as farm value. At the last meeting of the stockholders the president and secretary were instructed to sell the land at whatever price it would bring, but farm lands are not saleable at this time in the vicinity of Webb City. The land would net stockholders about $35. a share if it could be sold at the price the company is asking.

Aetna Petroleum Corp. Organized in Delaware in 1920 and had its principal office at Insurance Bldg. Dallas, Texas. Mr. R. B. Stichter, Jr. son of former President of the company, located at 1314 Wood St. Dallas, Texas, informed us that his father died in 1932. This company was a little before his time but is under the impression that the company was put out of business in 1924 or 1925. The price of oil going from $3.00 to $1.00 was responsible for the company's failure. The bondholders received nothing because of some contracts and so forth. In view of the above we submit the shares as worthless.

The shares are without value.
Ajax Time Stamp Company, Inc. Common Stock (Par $100) Preferred Stock (Par $100) This company was incorporated under the laws of the State of Massachusetts, May 1919, and was at that time known as the Boston Time Stamp Company. In July 1924, the name was changed to the present title and in November 1928, moved to 354 Broadway, New York City. Officers: J. J. Horan, A. H. Cunningham, deceased, B. W. Schodes, Wm. N. Mandour. In order to determine a fair value for the stock of the Ajax Time Stamp Company, we submit a balance sheet of the company as of February 28, 1929, and a revised statement. The following are reasons why certain deductions were made from the assets and surplus: We have taken 10% off the Accounts Receivable for bad debts, loss of interest and carrying charges. Prepaid expenses have been eliminated from the assets. We have taken 50% off of Materials, Supplies and Merchandise for the following reasons: We assume these articles are carried at cost and are to be sold. After the Materials, Supplies and Merchandise are sold, we must allow for bad debts, loss of interest in carrying the accounts, cost of collecting in accounts, allowances to customers, return of merchandise, bad debts cost of selling, advertising, commissions, etc. When the above is taken into consideration we do not believe the company will realize more than 50 cents on the dollar invested. Office supplies are not considered a good asset, and have been eliminated. We do not believe used machinery and tools are worth more than 50 cents on the dollar, if not less, therefore, 50% is deducted from the cost of machinery and tools. We have been informed by an officer of the company that the securities—stock in other companies—have no value and have been eliminated from the assets. The company was incorporated in 1919, leaving only 6 year for the patents to run. We do not believe the patent rights are worth more than one-third of their original value, therefore, two-thirds of the value of patent rights has been deducted from the assets. The company was taken over by the present people in 1928, and in 1929 they did not make any money, leaving nothing for Good Will which has been eliminated from the assets. The total deductions from the assets of $41,988.62 eliminates the surplus, leaving $26,741.65 total assets. After deducting liabilities and preferred capital stock, we have $15,881.83, to be applied to common capital stock. We believe that par or $100 per share is a fair value for the preferred stock and $44.73 per share as a fair value for the common stock, and submit it as such as of February 22, 1929.

Alaska Gold Company We received the following letter from the United States National Bank of Portland, Oregon, signed by O. R. Maris, Asst. Cashier, and dated April 7, 1938. "Reference is again made to your letter of March 30, inquiring about the stock of the Alaska Gold Company" We have today received a letter from the Oregon State Corporation Commissioner, who states that the company filed articles on June 19, 1888 and was dissolved by proclamation of the Governor on January 20, 1906, for failure to pay its annual license fees and to file its annual reports Inasmuch as the company never did file an annual report, the commissioner is unable to give us the names of any of its officers or directors. The incorporators were J. A. Brown, D. M. Dunne and C. A. Hughes, all residents of Portland. The incorporators acknowledged the original articles before Milton W. Smith, a notary public of Portland, formerly a well known practicing attorney here. The principal office was located in Portland, and the amount of the authorized capital stock was $2,500,000 divided into 500,000 shares of par value of $5. each." D. M. Dunne was a highly respected pioneer business man of Portland and was head of the David M. Dunne Company. I happen to know his son, whom I called this morning, and he expressed the opinion that the Alaska Gold Company passed out of business many years ago and that its stock at the present time has no value whatever. It appears that the enterprise was promoted by one Theron Fell, a Pendleton man, who died many years ago."

Albaugh Dover Mfg. Co. We received the following information from the Chicago Better Business Bureau of Chicago, Ill. on March 24, 1937: "Information we have obtained on the above company indicates that it was petitioned into bankruptcy on June 30, 1932, by an individual having a wage claim against it. Elwyn H. Johnson was appointed Trustee in Bankruptcy. We exmined the docket on the case and also talked to Thomas Owens of the law firm of Owens & Owens at 160 N. La Salle St. Chicago. Owens stated that claims against the company were in excess of $200,000 and that there was a first and final dividend of one and one thirtieth per cent on all allowed claims. Some machinery was recovered because of defective lien held on it, and was sold for about $4500. The Trustee, E. H. Johnson, appropriated about $3500 of the funds, of which a bonding company made approximately 75% per cent good, and a bank made up a portion, with the result that the loss was almost entirely recovered. Some portion of the appropriation was debited against the fee owing to Johnson. There was about $3100 in cash left after attorney's fees, about $2500 available for dividends. This resulted in the first and final dividend of one and one-thirtieth per cent."

Alcan Oil Corporation.	Value of Stock dated 1922. We searched our oil books back to 1922 and found no record of the company's operations. In 1923 the stock was quoted at 5 cents per share. In 1924, 1,000 shares sold at auction at $34.00 for the lot. It is our opinion that the company never progressed beyond the development stage and that the shares are without value.

Alco Tool Company, Ltd.	This company is located at Compton, California, and still is in Federal Equity Receivership. The present receiver, Mr. G. Howard Hutchins in continuing the business as a going concern by order of the court. Mr. Hutchins, informed me on September 14, 1933, that inasmuch as the Alco estate has not yet been terminated and all the shareholders still hold their stock, the shares are not deductible as a loss for income tax purposes. The estate owes unsecured creditors more than $285,000 principal amount of claims not including accured interest. The oil tool business in California has been at a very low point for several years and it therefore, has been impossible to make any substantial payment even to the unsecured creditors.

Aldine Trust Company.	We received the following letter from the Department of Banking, Harrisburg, Penn. signed by John Park Lee, Special Asst. to the Secretary, dated April 14, 1938 "Mr. Irland McK. Beckman, Secretary of the Banking Department has asked me to reply to your letter of April 11. At the time the Aldine Trust Company closed, December 29, 1930, the official appraisal of the assets was 44.5 percent of the deposit liability. You can readily see from this figure that depositors will not receive 100 cents on the dollar and since the law requires that depositors be paid in full before anything is paid to shareholders it is extremely doubtful that you will ever realize anything on your stock."

White, Treasurer, of the Alexander Film Company, located at Colorado Springs, Colorado, informed us as follows on December 23, 1937: "Your letter of December 17th, addressed to Alexander Industries, Inc. has been referred to this office for reply. Bankruptcy proceedings of Alexander Industries, Inc. were filed in the United States District Court, Denver, Colorado-Judge J. Foster Symes presiding in 1931. We understand that the final report was filed in February 1935. I might mention for your information that common stock of Alexander Industries, Inc. became worthless for tax purposes in 1935, and that the preferred stock can be exhanged for Alexander Film Company preferred and common stock under an agreement worked out with preferred stockholders, and the approval of the bankruptcy court.

Allegheny Improvement Co. Value of 5% bonds due 1911. These bonds were secured by all of the stock and bonds of the Missouri & North Arkansas Railroad. The St. Louis-Union Trust Co., St. Louis, Mo. was Trustee. The property of the Missouri & North Arkansas Railroad was sold at receivers's sale on April 13, 1922 and was reorganized as the Missouri & North Arkansas Railway Company. At the time of the reorganization the stockholders and bondholders all consented that the entire debt of the road should be wiped out in order to obtain a loan of $5,000,000 from the Government. We therefore believe that the bonds of the Allegheney Improvement Co. are worthless.

Allen Oil Company. Incorporated in Wyoming and was located at Casper, Wyo. It was reported that the company held leases in Bryon & Salt Creek, Wyo. and in Texas and Louisiana. President—C. P. Ritter, Vice Pres.—Irving L. Tenney, Secretary—Frank Woolsey, Treasurer—Chester Thorne. In 1922 no further trace of the company could be found. The company apparently forfeited its leases. The stock was first offered in 1917 at 50 cents per share. There was never any market for the stock between brokers. The company subsequently lost its charter and ceased to exist. The shares in our opinion are worthless.

Allweather Ventilator Company. This company, according to the telephone book is located at 70 E. 45th Street, N. Y. C. (1934). The moving factor behind the company, we believe, is Mr. R. G. Thach, Secretary, who is also an attorney, located at 122 E. 42nd Street, N. Y. C. We have not received any definite reply from the company, for the reason that Mr. Thach also represents the Pan American Airways, and is spending most of his time in Washington. You may appreciate the problem he has on his hands at this time. Mr. Thach's office informed us that the company is practically defunct, or else dormant, for the reason that the company's only asset is a patent that has little value. There are better articles on the market that sell much cheaper than their ventilator. We understand that Mr. Thach has put thousands of dollars in this venture and will not finance it any further. The shares at this time are practically worthless and there is no immediate prospects for the future, unless some improvement is made for the better. In view of the above, we would inventory these shares as worthless.

Alton Steel Company (Ill.). On August 8, 1914, this company was placed in receivership at the request of holders of $300,000 of First Mortgage bonds. There were also $350,000 of Second Mortgage bonds outstanding and $125,000 floating debt. We found no further reference to this company after 1914 and believe that the first mortgage was not satisfied. It is our opinion that the shares are without value. The Alton Water Co. of Alton, Ill. was interested in this company.

Alvarez Mining Company. The following is a copy of a letter dated April 25, 1935 from Mr. John J. Burns, General Counsel for the Securities and Exchange Commission, Washington, D. C. regarding the Plymouth Consolidated Gold Mines, Ltd. and the Alvarez Mining Co. "As I understand it, this was not to be an exchange of Plymouth stock for Alvarez stock, but rather the Plymouth stock was being offered to the Alvarez stockholders for the surrender of their old stock, plus 25c. per share cash. Inasmuch as the Alvarez stock has absolutely no value, the company being defunct, it was in effect an offer of Plymouth stock at 25c. per share. There was to be no pro rating of the Plymouth stock among the Alvarez Stockholders. For your information, this company filed a registration statement with the Commission, but on January 3, the Commission ordered a stop order proceeding to suspend the effectiveness of this registration statement on the grounds that there were certain misstatements of material facts or omissions to state all the facts necessary. A hearing was had on the same but the Commission has not as yet decided as to whether or not to issue such a stop order. It is still pending before it. On January 3, the Commission also obtained a temporary restraining order in the U. S. District Court for Delaware, restraining this company from any further sales, which restraining order is still in effect. The Commission has received numerous complaints regarding this company and has made a very thorough investigation. I shall be glad to advise you as soon as the Commission has made a definite determination in the matter." The above letter confirms our original report that the stock of the Alvarez Mining Co. has no value.

Amalgamated Mining & Oil Co. Value of first mortgage 6% bonds due 1927 and capital stock. Organized under the laws of the State of Arizona in 1907 as a holding company. The company was promoted by A. L. Wisner & Co.whose officers were indicted for using the mails to defraud. The Marvyn Scudder Manual, Volume II, under promotions of A. L. Wisner & Co, reports that the whole venture was a swindle and that the bondholders and stockholders lost their entire investment. Therefore, I submit the bonds and stock as worthless as of September 20, 1934.

Amalgamated Nevada Mines & Power Co. Incorporated in Arizona in 1906 and its charter expired by 25 year statutory limitation on Oct. 17, 1931. We found no value for the stock and therefore believe the shares are without value.

Amalgamated Petroleum Co. Incorporated in New Jersey and lost its charter in 1905. The Chase National Bank, successors of the North American Trust Co., Trustees of the bonds, informed us that they are unable to locate anything in their records which would indicate that the company deposited funds with them for the bonds. The bonds were only debentures and as far as we have been able to ascertain they are without value.

Amalgamated Playhouse Corporation. N. J. 1936.

Amalgamated Properties, Inc. Common and Preferred. Organized under the laws of the State of Delaware about 1908 as an amalgamation of about 40 different mining and oil companies which were promoted by Douglas Lacy & Company of New York. The Amalgamated Company had a capitalization of $15,000,000 consisting of 15,000,000 shares of $1 par value each, full paid and non-assessable and divided into 5,000,000 shares of preferred stock, entitled to a priority in the earnings of 6% annual interest and 10,000,000 shares common stock. It was reported that the Amalgamated Properties, Inc., were working with the object of liquidating by sale, bond or lease of the various properties and that they had, in a measure, a fair degree of success. In these cases distributions were made to shareholders as far as the amounts realized from the sale would permit. It is logical to assume that the most valuable of the properties would be sold first, and that further distributions would probably be of a lesser amount. Company reported an office in New York at 77 Broad Street, up to 1911, which was subsequently abandoned as no further record can be found. Frank S. Roseborough, was reported President at this time. There have never been many quotations on this company's stock and none have been reported in recent years. As Douglas Lacy & Company had a share of management in the New Company and in view of the fact that their reputation in various stock selling promotions were of a doubtful nature, we do not consider this company's preferred and common stock to be of any value as of May 26, 1929.

Newnham, Secretary of the Bondholder's Committee, % Brooke, Stokes & Co., 15th and Locust St., Phila., Pa. Above received from the Fidelity Phila. Trust Co., Phila. signed by H. W. Latimer for M. S. Altemose, dated Oct. 12, 1937. The First Mortgage 7% bonds due 1937 have a decree value of $178.085 per $1000. The funds were paid by Charles F. Lynch, Special Master, Prudential Bldg., Newark, N. J. The unclaimed funds were probably paid into the U. S. District Court at Newark. We received the following letter from the Protective Committee for the Holders of American Bolt Corp., first mortgage Sinking Fund Gold Bonds 7% due Dec. 1, 1937, Lewis Bldg., Phila., Pa., signed by Richard M. Newnham, Secretary and dated Dec. 2, 1937. "This Committee is attempting to liquidate the affairs of the American Bolt Corp. At the present time the assets consist of a small amount of cash and a water front property located in Detroit, Mich. Every effort has been made to dispose of this property, but as yet no fair offers have been received. When the property can be sold it is the Committee's intention to pay out the proceeds to holders of certificates of deposit, thereby winding up the affairs of the Corporation."

American Bond & Mortgage Co. Inc. Incorporated in Maine on Dec. 15, 1910 to engage in underwriting and dealing in real estate bonds. The principal place of business of the company was located at Chicago, Ill. In 1931 the Department of Justice undertook an investigation of the conduct of the company's business by its former officers. On Feb. 25, 1932, four officials of the company were found guilty of using the mails to defraud. On May 22, 1931 Judge J. H. Wilkerson at Chicago appointed the Chicago Title & Trust Co. as receiver, and on May 26, 1931 Charles Evans Hughes, Jr. was appointed ancillary receiver in equity. On May 25, 1931 an involuntary petition in bankruptcy was filed against the company in the U. S. District Court of Maine; and on Oct. 15, 1931 an order was entered adjudicating the company a bankrupt. On Sept. 5, 1931, The American Bond & Mortgage filed its voluntary petition in bankruptcy in the U. S. District Court of Northern District of Illinois and was duly adjudicated a bankrupt. There were $4,869,000 of bonds outstanding as of June 1931 that were a direct obligation of the American Bond & Mortgage Co. These bonds were in default and were quoted over-the-counter in 1931 at 1 bid, 3 asked. In view of the fact that the company was adjudicated a bankrupt in 1931, in both Maine & Illinois; and that quotations of its bonds in 1931 which had a prior claim on the assets of the corporation indicated that the preferred stock had no value, it is sufficient evidence to establish the worthlessness of the preferred stock for the year 1931.

American Consolidated Tin Mines.Corp. This corporation, together with Connor, Leach & Co., Inc., Mines & Markets, Inc., and Miller-Murray & Co., Inc. all alleged to be controlled by Margaret Brenizer, Jasper N. Brenizer and Murray Miller, were enjoined from violations of the Securities Act of 1933, according to reports dated March 27, 1937. The SEC alleged that the corporation was indebted to the Ka-Mi-Tin Concentrating Corp., in such a way that Ka-Mi-Tin could foreclose on the corporation and that unbeknown to investors, Ka-Mi-Tin was actually owned by the Brenizers and Miller so that the defendants might have been able to foreclose on the cash of the stockholders.

American Corporation. Incorporated in Virginia and surrendered its charter on March 18, 1930, as the corporation had never been organized under this charter and that no stock was issued. A charter was issued on March 18, 1930 to The American Corporation, which charter was revoked in 1934. The Secretary of the latter company was A. Vermeer, New York City. We know of no value for the stock. We received the following letter from the Assistant Secretary of the Commonwealths Distribution, Inc., located at 90 Broad Street, N. Y. C. and dated Jan. 4. 1938;

"We have your inquiry of Jan. 3. We lost all contact with The American Corporation shortly after the receivership of American Commonwealths Power Corporation, at which time the late Mr. Frank T. Hulswit engaged Messrs. Javits & Javits of New York City as counsel for The American Corporation.

"We have made inquiries of the Javits office and of Mr. Ben Mitler who was one of the last persons connected with the corporation and we are advised that that corporation was finally wound up in 1935 through failure to pay its franchise taxes in Virginia, the state of its incorporation. We are advised that the stockholders in question finally established their loss in 1935."

American Department Stores Corp. Judge Nields in the U. S. District Court, Del. has handed down an opinion to the affect that the amended plan of reorganization would be satisfactory if it is filed providing for exchange of one share of first perferred stock for one quarter share of new stock. The court approved the original plan Oct. 29, 1936 and the amended proposal was drawn up providing for distribution of 95% of the capital stock of Brager-Eisenberg, Inc., principal asset of the debtor, among certain security holders. To this effect the Brager Co will increase its authorized common capital stock from $5,000 to $25,000. Judge Nields ruled that because of the unanimous expression that the creditors be permitted to continue interest in the Brager firm the Court will approve the amended plan.

American Malt & Grain Co. Stock has a liquidating value of $13. per share. Collect from the Guaranty Trust Company, New York City.

American Malting Co. Acquired by American Malt & Grain Co. The first preferred stock received a dividened of $30 per share on June 5, 1919. A second dividend was paid on June 23, 1919. Non-subscribing certificates of deposit received about $55.20 per share. Mr. H. S. Webster of the Guaranty Trust Co. of N. Y. informed us on March 24, 1937 as follows: "It would appear from our records and the information given in your letter that the Certificates are all dated subsequent to Dec. 13, 1915, and it is our understanding that certificates for common stock of American Malting Co issued subsequent to that date are without value.

"For your information we advise that during the year 1919 the American Malting Co was placed in dissolution and its assets in the form of cash were distributed by us, as Agent for the liquidating trustees, to the First Preferred, Second Preferred and Third Preferred stockholders and holders of old preferred and common stock issued prior to the amendment of the Company's certificate of Incorporation (on or about Dec. 13, 1915).

"The preferred stock had priority over the common stock as to assets and dividends. As the assets of the American Malting Co at the time of distribution were not sufficient to pay the preferred stockholders in full there was no distribution made to the common stockholders."

American Manganese Manufacturing Company, Inc. Incorporated in Pennsylvania on Dec. 31, 1913 and was engaged in the manufacture of manganese products. The main office of the company was located at Bullitt Bldg., Phila., Pa. Funded Debt: $300,000 First Gen. Dunbar 6's; $741,483 Second Gen. Dunbar 6's; $176,000 First Mtge. bonds. As of Dec. 31, 1920 the company's statement showed bills payable of over $4,000,000. In December 1922 because of lack of ready capital and impairment of credit due to the coal strike, the company was placed in the hands of a receiver. The property and assets of the company were sold at a receivers' sale in July 1924 for an amount that was insufficient to pay the creditors in full.

American Manganese Manufacturing Co. The Second General Dunbar 6% Mortgage Bonds due July 1, 1924 received $37.83 per $1000. bond from the sale of the company's property at receiver's sale. American Pulp, Paper & Lumber Co. On January 16, 1937 we received the following letter from the First National Bank of Boston, Boston, Mass.

"We are in receipt of your favor of the 14th instant, regarding the American Pulp, Paper and Lumber Company and in reply advise that the records of the International Trust Company show that the American Pulp, Paper and Lumber Co. defaulted in the payment of bond interest due March 1, 1907 and about August 1, 1907 said International Trust Co received information that an involuntary bankruptcy petition had been filed against the Lumber Company, but no information has ever been received by the International Trust Co as to the outcome of said petition, nor has any action been taken to foreclose the lien of the mortgage securing said bonds.

"Letters which the International Trust Co. addressed to former officers of the Lumber Company during 1908, and subsequent years, have been returned undelivered, and a letter received from the Secretary of State of the State of Maine dated Oct. 26, 1932, advises, that according to the records of this office the American Pulp, Paper and Lumber Co filed its last return in 1908 and its charter was suspended in 1909 for non-payment of the franchise tax."

It seems probable that bonds of the issue referred to are without value.

American Real Estate Company. Incorporated in Rhode Island and liquidated many years ago under the supervision of the United States District Court for the Southern District of New York. The bondholders received eight payments of 5% each, totaling 40% in liquidation, said payments were endorsed on each bond. About 1930 or 1931 the court ordered the unclaimed 40% to be distributed pro rata among the holders that made claim. A final distribution of 2½% representing the unclaimed funds, was mailed to bondholders of record, leaving the bonds without further value. Unstamped bonds are now worthless.

American Shareholders Finance Corp. Incorporated in New York in Sept. 1925 and was located at 580 Fifth Ave., N. Y. C., in 1931. President, John J. Cone, deceased; Treasurer, A. L. Sleeman. This corporation was a holding company and among other stocks it held a block of stock of the American Patents Development Co. We were informed that Mr. Sleeman, as Treasurer of the corporation received a considerable amount of money from the American Patents Development Co. as a liquidating dividend. According to reports no trace of Mr. Sleeman or the money can be found. We understand that Mrs. Sleeman would also like to know his present whereabouts. Under the circumstances, Mr. Sleeman must be found in order to determine what assets the company holds at this time. It is our opinion that a loss may be taken only when the shares are sold.

American Union Telephone Co. We received the following letter from J. Fred Schaffer, of Sunbury, Penna. dated July 13, 1936. "I was the Master distributing the funds in this case in the United States District Court for the Middle District of Pennsylvania in the case of Dean Electric Company, complainant, vs. American Union Telephone Co., defendant. No. 83, June Term, 1910, In Equity. "The Receivers at the time of the distribution were Charles West, then of Phila. and Hon. W. C. McConnell, Shamokin, Pa. and the fund for distribution was in their hands. "I have refreshed my memory with regard to this matter by examining a copy of my Report. Distribution took place in 1914 The amount for distribution was $141,394.67. After deducting $16,106.73 for administration costs and expenses, witness fees, costs of audit, and a further deduction of $11,799.48, mainly for license fees upon poles of the Company in various municipalities, there remained the sum of $113,448.46 applicable to matured coupons on the first mortgage bonds. The total face value of matured coupons offered in evidence before the Master aggregated $608,350.00. The dividend to these coupons was .186551 cents on the dollar. There was nothing distributed to the principal of the bonds. If the matured coupons upon the bonds you represent were not proved, of course, they did not participate. You should be able to tell by examining the bonds, whether matured coupons to the year 1914 were detached from the bonds or not. If these coupons are still attached of course they were not proved and did not participate. If they are not on the bonds, they may have been proved, and if so, participated in the distribution. The evidence taken before the Master, would, upon examination, reveal this."

American Universal Mill Company. Incorporated in South Dakota and its term of existence expired by limitation of its Charter in 1927. In 1918 our company reported that the company's only asset consisted of certain patent rights. President, Clarence D. Simpson; Secretary, Thomas Robinson; Directors, Benjamin S. Harmont, Charles M. Schwab, 25 Broadway, N. Y. C., Henry H. Brady. We wrote to Mr. Charles M. Schwab, 25 Broadway, New York City and received the following letter from the Bethlehem Steel Corp., 25 Broadway, dated Feb. 21, 1938 and signed by R. E. McMath, Vice President: "Your letter of the 16th instant addressed to Mr. Schwab inquiring about the value of shares of American Universal Mill Company has been referred to me. It is my understanding that this Company has been liquidated and that its shares are of no value. However, I would suggest that you write to Mr. J. H. Bottom, who was formerly Treasurer of that Company and whose last address according to my old records was Scranton Life Bldg., Scranton Pa., who can give you authorative information."

American Utilities Co. (Pa.) Mr. A. E. Widli, 63 Wall St., New York City, a former director of the company informed us as follows on June 16, 1937:
"I do not know how you came into possession of my name in connection with this company, but I recall a company of similar name with which I was connected about eighteen years ago. I am not sure whether that company was incorporated under the laws of the State of Pennsylvania. The company with which I was connected was a public utility investing company. It was dissolved I believe, in 1921 and to the best of my recollection, the common stock was valueless in dissolution; in fact I do not believe that the preferred stockholders got one hundred cents on the dollar."

Angel Consolidated Mining Co (Ariz) This company had an office at 25 Broad St., N. Y. C. in 1906 and was out of business in 1910. We searched our mining books back to 1906 and found no record of this company's operations. The company apparently did most of its mining in New York City. We found no value to the bonds.

Anglo American Commercial Corp. Incorporated in New York and was reported in Receiver's hands in 1921. On May 21, 1921, it was reported that the company's assets were sold, and the amount received was insufficient to pay the creditors in full, leaving no equity for the common or preferred stocks. Therefore, we submit the shares as worthless as of May 28, 1936.
Anglo American Commercial Corporation In 1921 the shares of this company were exchangeable for stock of the British International Corporation (Del.) which see.
Anglo-American Development Co., Ltd. Incorporated in Newfoundland and lost its corporate existence on August 17, 1931. The last report filed in 1918 showed Edwin G. Merrill of New York City as a director. Mr. Merrill, who is President of the Bank of New York and Trust Co., New York City, informed us that when the company lost its timber rights it ceased to exist. The shares and Subscribers Participation certificates are without value.

Anglo American Glass Co. Incorporated in New York on March 19, 1879 and was located at Clyde, N. Y. The corporation was dissolved by the Governor on April 2, 1934. Our correspondent at Clyde, N. Y. informed us that no company of this name has been engaged in the glass business there for over 40 years. It would appear that the shares of the subject company are without value.
Anglo American Irrigation Co. Ltd. Chartered in West Virginia on Nov. 24, 1894 with its principal office located in New York City. This company is not listed in our "Corporation Directory" for 1901, listing active corporations located in New York City. The State records disclose that the company is evidently out of existence. We found no value for the stock and therefore believe the shares are without value.

Angola Tire & Rubber Company Incorporated 1917 in New York. Capital stock: $1,000,000; par value, $10. Company was incorporated to manufacture automobile tires and accessories, but apparently never manufactured either, but up to December 31, 1922 had sold $746,500 worth of stock. In 1923 Attorney General Sherman forced the company to cease selling its stock. The concern was an offshoot of Alfred C. Bidwell, who had instigated many stock selling schemes. Out of stock sales Bidwell is claimed to have received 45 per cent as a commission. After the extraction of such large sums there was little left for the company. The capital stock was last quoted on January 9, 1924 at $1.00 bid, $3.00 asked. There has been absolutely no market for the stock since then. (1931)

Aparecida Mines Company. Incorporated in Colorado and its charter expired by limitation on November 8, 1922 and no renewal has been made. Mr. Frank G. Peck of Colorado Springs informed us in 1909 that the company's property was developed in 1909 under a lease. The property failed to develop the expected ore and that as a result the company forfeited the lease and ceased operations. The shares in our opinion are worthless.

Aquatone Corporation (Del.). Value of certificates of Beneficial Interest. Value of preferred stock, par value $100. Value of common stock, no par value. The Aquatone Corporation located at 410 North Michigan Avenue, Chicago, Ill. informed me that the above securities had practically no value on March 17, 1935 but just what the future holds for the stock is problematical. The company has been endeavoring to make some progress on the licensing of the process which it possesses for printing, but up to the present time the company has been unsuccessful and the business of the company is at a standstill. Therefore, I believe the certificates of beneficial interest and the preferred and common stocks have only a nominal value as of March 17, 1935.
Aquatone The, Corporation. We received the following letter from the Seaman Paper Company, 411 No. Michigan Avenue, Chicago, Ill. signed by A. J. Drusch, Treasurer, and dated Nov. 20, 1937. "This will acknowledge your letter of November 16th, inquiring about the stock of the Aquatone Corp. 'There have been no sales of this stock that the writer knows about for several years and, therefore, would not venture a guess as to its present value. The company is in bad financial shape and has as its principal asset patents, the value of which could not be estimated. In its operation due to a very curtailed program, the company has just sufficient income to pay its current obligations, and the writer has reason to believe that in the past few years various people have considered the stock quite worthelss. It is really very hard to try to value a stock of this description. Sorry we cannot give you any more definite information than we have, but it is just impossible to enlighten you any further on the value.' "

Ardsley Butte Mines Corporation This company is located at 85 Hirbour Bldg. Butte, Montana. Mr. A. Riley of the corporation, informed me on September 11, 1935 that this company has issued no financial statement for several years, due to the fact that it has not operated its properties and there have been no receipts or disbursements. Mr. Riley further stated that the stock of the company is not worthless inasmuch as the company owns its properties at Butte and plans are now under way to resume operations which were discontinued due to the drop in the price of metals. In order to establish a loss for income tax purposes it will be necessary to sell the shares. (1935)

to consider the dissolution of the corporation. Our Boston correspondent informed us on June 4, 1932 that Max Brown, the former Treasurer of the company, now located at 100 South St. Boston, informed them that the company dissolved about three years ago (1933) and that after the various bills were paid there was nothing left for the stockholders. The charter was forfeited in 1935. In view of the above we believe the shares are worthless.

The President of this corporation located at 19-21 Dover Green, Dover, Del. informed us as follows: "There are so many indeterminate elements involved it is impossible to estimate the present value of our preferred stock. Like everyone else, we have had heavy losses during the last four years. Conditions however, have shown some improvement. Negotiations are now under way in a situation in which we are interested which, if successful, will materially improve our position. It is our hope that ultimately a dividend can be paid on this issue, but as so much depends on improvement in conditions generally I could not hazard a guess as to when this might be." (1934.)

Atlantic Coast Electric Ry. Funds for First mortgage bonds may still be obtained by filing proofs of claim.
Atlantic Coast Electric Ry. Co. Funds for First Mortgage bonds were at one time on deposit with the United States District Court, Trenton, New Jersey. The court paid the funds into the Treasury of the United States on July 18, 1917. In order to collect on the unstamped bonds, it is necessary to file a petition with the above court, accompanied by a Court Order. If your petition is accepted, the order will be signed and returned to you. The next step is to forward the Petition, Order, and bonds, together with an application for the funds over your signature, to the Treasury Department at Washington, D. C. If your application is accepted the Court of Claims will issue a check for the pro rata amount due on your bonds.

Atlantic and Great Western Railroad Company. We received the following letter from the Erie Railroad Company, Midland Bldg. 101 Prospect Avenue, N. W. Cleveland, Ohio, signed by J. G. Walsh, Secretary and Treasurer, and dated May 20, 1938. "Replying to your letter of the 16th instant with regard to $20,000. principal amount of Scrip Certificates, representing preferred stock of the Atlantic and Great Western Railroad Company, which are in your possession. The properties of the Atlantic and Great Western Railroad Companies of Pennsylvania, Ohio and New York were consolidated in 1865 into the Atlantic & Great Western Railway Company. The property of the latter company was sold in 1871 under foreclosure of its mortgage dated Oct. 5, 1865 resulting in the organization of the Atlantic and Great Western Railroad Company (second consolidated company of that name). The property of that company was sold in 1880 under foreclosure of its mortgage of December 16, 1871, resulting in the organization of New York, Pennsylvania and Ohio Railroad Company. The property of the latter Company was sold in 1896 under foreclosure of its First Mortgage (subject to certain Prior Lien Bonds), and resulted in the organization of the present Company, The Nypano Railroad Company. The Prior Lien Bonds of the New York, Pennsylvania and Ohio Railroad Company are still outstanding, but all disturbed securities of the predecessor companies, which did not participate in the various reorganizations, and subsequent securities of the New York, Pennsylvania and Ohio Railroad Company were cut off by these proceedings. As a result of the various proceedings, we do not understand that the certificates to which you refer in your letter are now of any value."
Atlantic Grindstone Coal & Railway Co. Ltd. Incorporated in Nova Scotia on June 2, 1905 by Mr. Clarence E. Casey, Amherst, Nova Scotia. Atlantic Laboratories, Inc. Incorporated in Florida in 1928 and was located at Miami, Fla. The certificate was filed by Price, Price, Neeley and Kehoe, attorneys of Miami, Fla. The corporation filed its last report on June 5, 1928. President, D. Troy Halls, 1425 Seville Ave., Coral Gables, Fla.; Treasurer, Thos. T. Crittenden, 665 N. Greenway Drive, Coral Gables, Fla.; Secretary, L. Leslie, Coral Gables, Fla. The name of this corporation was published for dissolution on Sept. 30, 1936, for failure to comply with the state laws. Inasmuch as the corporation filed its last report in 1928 it is our opinion that it was short-lived and went out of business shortly thereafter. Letters addressed to the officers have not been answered nor returned. We found no value to the stock and therefore believe the shares are without value.

Loughbridge, a patent attorney, and former President of the company, located at 342 Madison Avenue, New York City, informed us on November 9th, 1937 as follows: "I wish to advise that the principal assets of this company consisted of U. S. Patents on railway appliances and most of these patents have now expired. The company was never properly financed to place these inventions on the market. I advanced a considerable sum with a view to developing the inventions which has not been repaid. In addition to the patents, the assets comprised of a few unfinished embossing presses which could not be sold without rebuilding and there is no market for this kind of apparatus at present. The franchise tax to the State of New Jersey has not been paid in the last six or seven years."

Augusta Gold Mining Co. Incorporated in Colorado and its charter expired by limitation on March 14, 1921 and has not been renewed. This company was reported out of business many years before 1921 and its shares were appraised at no value by our company for tax purposes in 1918.
Augusta Golf Company. We received the following communication from F. H. Farnum, President of the Augusta Country Club, Augusta, Me. regarding the stock of the subject company. "The Augusta Country Club leases from the Augusta Golf Company the club house and golf course. During the past five years the Augusta Country Club has been able to pay all expenses including interest on the indebtedness of the Augusta Golf Company. In the year 1934 the Augusta Country Club failed to meet expenses by some $700. The Augusta Golf Company has a mortgage of $20,000 and $9,000 in notes outstanding. There are some 100 shares of stock. The stock in the Golf Company never has had any value or market and consists of donated money by various people toward a community welfare in the nature of a golf club. So far as I know there is no market nor is there likely to be any for the stock of the Augusta Golf Company. (1935).

Aurora Cotton Mills, Inc., Aurora, Ill. Value of 353 Shares of Common Stock, Par Value $1.00, dated January 6, 1936 and 3 Shares of $100 Par Stock, dated February 17, 1893. According to reports the plant of this company is closed, except the bleachery. The company has made another request for a loan of $100,000 from the Reconstruction Finance Corporation, and have offered to pledge their entire assets. The Reconstruction Finance Corporation has already loaned the company $222,000. which remains unpaid. The company's statement as of June 30, 1937, shows cash of $8,125.17 and Accounts Receivable of $30,379.02, against which there are Current Liabilities of $60,294.06. The Net Loss for the Period January 1, 1937 to June 30, 1937 amounted to $12,813.32. The company is in a very precarious position, and in view of the fact that there are $321,770 of Preferred stocks ahead of the common it is my opinion that the common stock had very little, if any, value as of June 30, 1937.

Automotive Devices Corporation. Supplementing our previous report, Mr. Henry S. Rademacher, an attorney, and former Secretary of the company, now located at One North La Salle Street, Chicago, Illinois, informed us as follows on January 29, 1936. "This company was incorporated on October 8, 1928, and did not function very long, if it functioned at all. At least, it went completely dead in 1929 without ever having been given the attention of a decent burial. It is beyond resurrection and you can write it off as a complete loss. The stock has been worthless ever since 1929."

Autophone Manufacturing Corp. Incorporated in Delaware on Dec. 14, 1917. The last annual report was filed for the year 1923 and showed offices at 324 E. 23rd St. N. Y. C. Pres., Wm. H. Pritchard, 324 E. 23rd St. N. Y. C.; V. Pres., Ninian Jamieson, Yonkers, N. Y.; Treas., T. C. Durham, 358 W. 57th St. N. Y. C.; Director, J. C. Flinn, 729 7th Ave. N. Y. C. (1936). We understand that the company was inactive about 1928 and that there was no market for the stock. All efforts to reorganize the company failed. The company went out of business about 1928 and lost its charter in 1930 for failure to file reports for two years. The shares in our opinion are without value.

Autoplane Mfg. Co. Inc. N. Y. 1935.
Autosales Corporation. Incorporated in Delaware and acquired the assets of the Autosales Corporation (N. Y.) in 1932. At a meeting of the stockholders held on June 6, 1933, the sale and transfer of the Delaware corporation's assets, properties and business to the Mills Automatic Merchandising Corporation was approved. In consideration of this transfer of assets the Autosales Corporation (Del.) received 366,328 Shares of Preferred Stock of the Mills Automatic Merchandising Corporation. We have the following notice dated March 3, 1936 addressed to the stockholders of the Autosales Corporation formerly located at 21-30 44th Road, Long Island City, N. Y., the present address of the Mills Corporation.. ". . . . The sole asset of The Autosales Corporation, 366,328 shares of the Preferred Stock of Mills Automatic Merchandising Corporation, has become valueless. Because of its insolvency, Mills Automatic Merchandising Corporation filed on December 31, 1934 its petition in the U. S. District Court for the Eastern District of N. Y. for reorganization under Section 77B of the Federal Bankruptcy Act. Its plan of reorganization, which was approved after a hearing by the court December 31, 1935, and by an order of the court entered January 15, 1936, provided that nothing should be paid on its preferred stock. Accordingly, The Autosales Corporation has now no assets whatever, and its dissolution will be considered at the forthcoming stockholders' meeting.". According to the above the company filed under 77B by petition on December 31, 1934 but the order of court approving the plan of reorganization was not issued until January 15, 1936. However, the above states that the plan of reorganization eliminating the preferred stock of the Mills Automatic Merchandising Corporation was approved by the Court after a hearing was held in the court on December 31, 1935. It is therefore our opinion that the preferred stock of the Mills Automatic Merchandising Corporation, the sole asset of the Autosales Corporation (Del.), first became worthless in January 1936 when the plan of reorganization was approved by the Court and an order entered eliminating the preferred stock.
Autosales Corporation (N. Y.). Assets acquired by Autosales Corp. (Del.). Stock exchanged at Corporation Trust Co., 15 Exchange Place, Jersey City, N. J
Autosales Gum & Chocolate Co. Incorporated in New York in 1911 and went into receivers' hands in 1916. In 1917 the company was reorganized as the Autosales Corp. Stockholders of the old company who paid the assessment of 4% received securities in the new company. All stockholders who did not pay the assessment were left out of the reorganization. The property was sold for $1,000,000 and there were over $3,000,000 of bonds outstanding. Apparently something was paid on the bonds. The shares are without value.

Aviation Country Club of Long Island, Inc. Incorporated in New York and is located at Hicksville, N. Y. Mr. J. B. Taylor, President, informed us as follows (1934): Value of this membership is very indefinite. It is largely a question of what you can get for it. Due to the bad times, there has been no great demand for memberships. While the Club is still operating and getting along rather well, there have been a considerable number of resignations, particularly among proprietary memberships and there have been very few sales for them. We will be glad to list Mr. Townsend's certificate. A membership certificate in itself does not give the right to membership in the Club. In other words, if it were sold the purchaser would have to be duly elected to membership and there is a charge of $100. for transferring this certificate to his name, so that if you should find a party yourself, his name would have to be submitted to the Club and if he were to be elected he would then pay the $100 transfer fee and the annual dues and become a member in good standing.

Avon Florida Citrus Corp. On May 22, 1936, Mr. C. H. Walker, President, of the above corporation, informed us as follows: "We see no prospects, at this time, of making any payments on the interest and as to the market value of the bonds, will say that there is none that I know of as there has been no trade in the bonds except in very few cases. There are some bonds held by private parties that have been offering them at ten per cent which means $100. for a $1,000. bond with interest coupons attached. On account of about five years of the pressed conditions in the citrus business and the loss of one crop by hurricane and a good portion of another crop by freeze, it has made it impossible to break even on operations, therefore, we have a large accumulation of back interest with no prospects of paying in the near future. There will evidently have to be some readjustment of this bond issue in some way and I hope to work something out to the best interest of all concerned." In Nov. 1936 the bonds were quoted at 10% on a workout basis.

Ayer Drug Company. Reported to have been incorporated in Maine in 1887. The records of the Secretary of the State of Maine have no company on file under this name. There was an Ayer & Spencer Drug Co. incorporated in Maine on January 21, 1887. This company probably operated under a trade name of Ayer Drug Co. The Ayer & Spencer Drug Co. has never filed a return since incorporation. The company was formerly located at Lewiston, Me. in care of W. P. Ayer, Director. Therefore, it is our opinion that the shares of both companies have no value.

Azteca Mining Company. Incorporated under the laws of the State of Arizona on February 4, 1929 to operate the Don Carlos, Anexas a Don Carlos and Ampliacion de Carlos claims near Aleanarra. The company has failed to file annual reports and pay their franchise taxes since 1929. Reports indicate that the corporation was considered out of business

and defunct in 1932 for failure to file annual reports and pay the franchise tax as required by law. However, Mr. Ralph C. Nowland, an engineer, located at Hobart Bldg., San Francisco, Calif., informed me on October 18, 1935 that the Azteca Mining Company went out of existence in 1933, and had no assets of any kind at that time. Mr. Nowland further stated that the company was formed to do a ceratin amount of mining development work in Mexico during 1929. The work was done slowly and was finished in 1931 but the property was held together in part until 1933, when there were no funds available for taxes, at which time the property reverted to the Mexican Government. Therefore, it is my opinion that the shares of the Azteca Mining Company first became worthless in 1933 when it lost all its assets and ceased to exist.

amount of cash which was held for the purpose of paying fees. There are 100,000 shares outstanding and if anything is left after paying expenses the amount will be a small fraction of one cent per share. Dines, Dines & Holme of Denver, Colorado, will make the final payment, if any.

Bachelor Publishing Company. Incorporated in New York and was located at 11 Broadway, New York City in 1906. President, Reed Carradine; Secretary, Peter J. McLean. Directors: Clarence Rigby, Peter J. McLean, H. W. Cullen, George H. Gordon. In 1907 the company was reported out of business. We searched the records in the County Clerk's office and found no record of the company nor any value to the stock. Therefore, it is our opinion that the shares are worthless. (1935.)

Bahia Corporation, The. 8 West 40th Street, New York. July 1, 1936. At the present time the Bahia Corporation stock has no value, nor is it likely to have any value, as the mine has been closed down for the past four years. From the outset the Company failed to earn any money at a time when the price of Carbon was very high, then the depression came and the price of Carbon decreased to about one-third of what it formerly was, and the market for Carbon shrank so that there was only a very small demand for the product. They could be bought very much cheaper than they could be obtained by mining operations. The gravel on which we depended did not turn out to be as rich as had been expected as a result of the engineer's investigation and reports, and it was found that only a part of the gravel contained Carbon, which made it necessary to look

for that particular channel of gravel (in the bed of the river) which greatly increased the cost of operation. Boulders were encountered and other obstacles, which made it impossible to use the expensive machinery installed, to the best advantage, and in consequence the Company operated for several years at a heavy loss. We were never able to strike any of the rich pits containing Carbon, which we believed and had reason to believe we would strike occasionally in our very extensive operations. The Company expended all of its funds and was financed for a considerable length of time by Bernard Bandler & Sons, Inc., until its resources were exhausted and it was necessary to discontinue operations. For several years Bernard Bandler & Sons Inc., have paid out many thousands of dollars per year to cover the interest on the mortgage, taxes and wages of men employed to look after and preserve the property. The Bahia Corporation now owes money far in excess of the value of its assets, and there is practically no hope of ever operating the property again. This could be considered only if the price of Carbon was restored to its former high prices, and a broad market existed for it, and as this probability is so remote, it can be disregarded. The charter of the Company has been forfeited for non-payment of State Taxes. No annual meeting of stockholders has been held on account of the expense involved in holding these meetings. I regret the affairs of the Company seem to be so deplorable, but such unfortunately is the case. Any further information you desire, I shall be pleased to give you. Very truly yours, THE BAHIA CORPORATION. By David Bandler, Vice Pres.

Banning, formerly President of the company, who is located at 100 W. 77th St. N. Y. C. referred us to Connor, Leach & Co., brokers of 11 Broadway, N. Y. C. This company informed us that the Bald Mountain-Homestake Mining Co. lost its property about 1933 and that the shares have no value. The company lost its charter in 1934 for non-payment of two years taxes and was proclaimed by the Governor in January 1935. The company apparently ceased to exist about 1932 or 1933, at which time we believe the shares became worthless.

Balloon Rubber Heel Corporation. This corporation was reported to have been associated with the Asbestos & Rubber Products Corporation, and was located at Beverly, Massachusetts. We directed a letter to Frederick J. Gleason, 47 Dana Street, Cambridge, Massachusetts, who was formerly an officer of the Asbesto & Rubber Products Corporation, as to the status of this company about the date of death, and our letter was not answered nor returned. We directed a letter to the company at 60 River Street, Beverly, Massachusetts, inquiring as to the status of their company about the date of death, and our letter was not answered nor returned. The Class "A" stock that comes ahead of the Class "B" was last quoted in 1928 at 12½ cents per share bid for one thousand share lots. There was absolutely no market for the Class "B" stock in 1928 nor at any time since then. We have searched our files and found no record of this company's operations since 1928. It is our opinion that the company is dormant and the Class "B" Common shares had no value on December 13, 1929.

Baltimore Trust Company, Baltimore Md. On March 31, 1933, the bank reopened on a 5% withdrawal basis for old depositors and 100% for new accounts, but was succeeded on August 4, 1933, by Baltimore National Bank. Under the reorganization plan the unpaid balance of restricted depositors and claims not in excess of $10 paid in full; 10% of other restricted deposits and unsecured claims, were made available by the new bank. After the certificates of indebtedness are paid in full, the proceeds of liquidation will be applied to Guaranty Fund certificates, plus 2% interest from Feb. 1, 1933; any assets remaining will be distributed pro rata amoung the stockholders (Taken from Moody's Banks—Insurance 1934) The Commercial & Financial Chronical, dated June 17, 1933 quoted the following: "After paying 15% to depositors, the remaining 85% of unsecured deposits will be represented by certificates of indebtedness which will mature July 1, 1938, but will be paid in installments at various intervals as assets of the bank are liquidated. After payment of other liabilities the remaining assets will be distributed to stockholders." The Baltimore Trust Corp. became operative on Dec. 31, 1934, for the purpose of liquidating all assets of the Baltimore Trust Co. The assets of the Baltimore Trust Co. were transferred to the Baltimore Trust Corp. on January 5, 1935, at which time a receiver was appointed. On Feb. 12, 1934, 20% of the face amount of the certificates of indebetedness (representing 85% of unpaid balance to depositors) was distributed. (Moody's Bank and Finance 1937). In December 1935, stockholders were assessed 100% and offered to settle their double liability on a 50% basis. This proposal was accepted by the court. In September 1935 the assets of the Baltimore Trust Corp. had a book value of $30,838.984. The liquidating value of other assets of the company which had a book value of $9,775,723. was not estimated. However, the book figures show assets of $40,614,707. against which there are liabilities of $25,217,970. exclusive of $7,700,400 due on guaranty fund certificates. On January 2, 1937 the book cost of unliquidated assets amounted to $31,697,318. On August 6, 1936 16 suits alleging negligence by twenty-three officers and directors of the Trust Company in losses of the bank aggregating $16,000,000 were filed by the receiver. The president of the bank settled the suit against himself for $50,000. In view of the assessment in 1935, according to Federal rulings, it is sufficient evidence to determine worthlessness of the stock. In my opinion the loss may be taken in 1935, or carried to some future date when the $31,697,318 of assets are liquidated and $16,000,000 of claims are settled.

Baltimore Tube Company, Inc. The preferred stock has a liquidating value of $64.58 per share, payable upon surrender of the stock certificates at the Maryland Trust Company, Baltimore, Md. The company was sold to the Revere Copper & Brass Company. We understand that the common stock was purchased at $4. per share.

Fisher and W. Casewell Heine. The attorney for the receivers is Morris H. Cohen, 60 Park Place, Newark, N. J. The Irving Trust Company of New York is the Trustee in bankruptcy. The Irving Trust Company informed us in Oct. 1934 that up to January 1, of

Name State Date Charter Forfeited

1934 it was hoped that one hundred cents on the dollar would be paid to creditors and that something would be left for the preferred stockholders. The Irving Trust Co. had paid the creditors 75% of their claims to date and the only assets remaining were tied up in litigation. The trustee in bankruptcy also stated that not more than 10% more would be available for creditors if successful in this litigation, leaving no equity for the capital stock which is without value.

Bankstocks Corp. of Maryland. Value of Class B Common Stock. Incorporated in Maryland on May 18, 1925 to function as an investment trust. This company and Bankshares Corp. of the United States were placed in the hands of M. Castwell Heine as receiver on May 2, 1930. Mr. Heine's office informed us on Oct. 9, 1936 that the company has only sufficient assets to pay but a part of the creditor's claims at this time. The receiver has brought suit against the directors of the company and it is unlikely that an amount will be recovered that will be sufficient to pay the creditors in full. In view of the above we submit the Class B common shares as worthless.

Bathing Corporation of Southhampton. Value of V. T. C. for 10 shares of Capital stock, $100 par. The Bathing Corporation of Southampton, located at Southampton, N. Y. informed us on July 25, 1937, that prior to and after January 8, 1937, the corporation purchased its own stock at the rate of $10 per share. The purpose of these purchases was to relieve the estates of the annual service charge in connection with the maintenance of the bathhouse that may have been assigned to the stockholder, which charge amounted to $100 per season. In view of the above, I submit $10 per share or $100 as a fair value for 10 shares of Capital Stock as of January 8, 1937.

Batopilas Mining Company. Incorporated Oct. 13, 1887 in New York and had an office at 154 Nassau Street, New York City. The company is bankrupt as bond interest for four years in default amounted to $98,955. Jan. 1, 1923. Stockholders did not approve a voluntary assessment of 60 cents a share in 1923 to satisfy bondholders and provide working capital. No foreclosure proceedings were instituted, hence there has been no reorganization. In 1925, development was resumed on a limited scale, under arrangement with the bondholders Committee. Up to the end of 1926, 121,000. ounces were marketed. Idle since. There are $366,500. of bonds outstanding, which have practically no value, leaving no hope for the stock which in our opinion is worthless. (1936.)

Bay State Gas Company. Organized in Delaware in 1899. This company was dishonestly managed and was placed in receiver's hands in 1913. For many years this company has been going through litigation. The Secretary of State of Delaware advised us that the company is defunct and that W. Harry Miller Commonwealth Trust Bldg. Phila. Penna. was Secretary and Treasurer. Letters addressed to Mr. Miller were returned market "Not Known." In 1930, 500 shares were sold at auction for $10 the lot. We found no value to the stock and therefore believe the shares are without value.

Bead Lake Gold Copper Mining Company. Succeeded the Bead Lake Gold-Copper Mining and Milling Company in January 1911. The company was located at Spokane, Washington and its property represented 13 claims on Pend d'Oreille River. In 1924 the company was reorganized as the Bead Lake Mining Company. After some litigation the shareholders of the old company were permitted to be reinstated upon payment of an assessment of 4c per share. The lease of the new company did not last long as the property was sold to cover debts and taxes in June 1929. The property was purchased by the bondholders for $33,000. The bonds outstanding amounted to $100,000. Therefore, it is reasonable to assume that the stock is worthless. (1934.)
Bead Lake Mining Company. Incorporated in Washington on October 8, 1924, and was located at E. 617 20th Street, Spokane, Washington. The property of the company was sold by order of the Superior Court in June 1929 for $3000. subject to taxes of from $25,000 to $30,000 and was purchased by George C. Geisler, representing the holders of $100,000 of the company's bonds. There was no equity left for the stock. Therefore, I submit the shares as worthless as of December 21, 1936.

Belcher Extension Cons. Mines Co. Incorporated in Nevada on May 12, 1924 and is now delinquent in the amount of $22.50 for failure to file list of officers and pay penalties from July 1, 1932 to date. The last known officers are as follows: Frank Silva, President, 315 W. 173rd St. N. Y. C.; Robert J. Keefe, Sec'y, 1 Exchange Place, Jersey City, N. J.; Nevada Trust Co. Resident Agent, Reno, Nevada. According to reports this was one of the ventures boomed by George Graham Rice and his Wall Street Iconoclast. There were ten assessments levied on this stock and unless the shares are stamped assessments paid the shares are worthless. (1934.)

Belcher Silver Mining Company. The Belcher Silver Mining Company was incorporated November 2, 1868 and its place of business was located at San Francisco, California. The property of the company was reported at Gold Hill, Story County, Nevada. James Newlands, President; C. L. Perkins, Secretary; Bank of California, Treasurer. We searched our mining manuals back to 1900 and found no trace of the company. The Bank of California informed us that they held no funds for the stockholders, and furthermore they have no record of the company. Therefore, it is our opinion that the company is out of existence and the shares were worthless as of May 22, 1932.

Belle Harbor Yacht Club. The Belle Harbor Yacht Club is located at Rockaway Park, Long Island, New York. The principal on the above bonds was not paid in 1925. We were informed no interest had been paid on the bonds for the past two years. There is absolutely no market for the bonds, nor has there ever been any as far as we know. In view of the above we do not believe the bonds due May 1, 1925 of the club had more than a nominal value as of October 13, 1930.

Bergougnan Rubber Corporation. Incorporated in Delaware, 1919; par $100. This company was an American Subsidiary of Societe Generale des est Bergougnan, a French corporation. The company had a plant at Trenton, New Jersey and an office in New York City at 49 West 64th Street. We do not find any trace of the company at the present time and believe it has gone out of existence. On January 24, 1927 the charter of the company was forfeited for non-payment of taxes. We also find that on December 15, 1920, 37¼ shares sold at auction for $3. the lot. In view of the above we believe the common and preferred stock have only a nominal. (1929)

The Series AA bonds received $2.98 per $500. unstamped bond, payable at the First National Bank of Boston, Mass., or at the Agricultural National Bank, Pittsfield, Mass.
Berkshire Hills Park Assn. Incorporated in New York on June 22, 1893 and had an office in New York City. The attorneys that acted for the incorporators were Phillips & Avery, now located at 41 Park Row, N. Y. C. The managing attorney of Phillips and Avery informed us that they heard nothing further from the company after 1893. We searched our directories for 1901 and found no trace of the company nor any value to the stock. It is our opinion that the company went out of business before 1901 and that the shares are without value. The charter of the company was subsequently forfeited by Proclamation of the Governor.

Bidgood Consolidated Mines, Ltd. Incorporated in Canada and was located at 171 Yonge Street, Toronto, Ontario. This company went into voluntary bankruptcy in Dec., 1932. The Bidgood Kirkland Gold Mines, Ltd of Wentworth Arms, Hamilton, Ontario, was formed in 1933 to acquire the assets of this company. Shareholders received one new share for each 12 shares of old stock, although their equity was wiped out. We were informed that shares of Bidgood Consolidated should be sent to The Trust and Guarantee Co., Ltd., 302 Bay St., Toronto, Ont., to be exchanged for shares of Bidgood Kirkland Gold Mines, Ltd. The ratio of exchange is one new share for 60 shares of old $1.00 par stock. Bidgood Consolidated no par shares received one new share for each 12 old shares.
Bidgood Kirkland Gold Mines, Ltd. Incorporated in Canada and is located at Wentworth Arms, Hamilton, Ontario. The transfer agents are The Trust & Guarantee Co., Ltd., Toronto, Ont. The shares are listed on the Toronto Stock Exchange and sold on April 14, 1936 at $1.00 per share.

Bingham Central Railway Co. The Manufacturers Trust Co., of New York City holds funds to make certain payments on the First Mortgage 6% bonds due April 1, 1948, with Oct, 1, 1914 and subsequent coupons attached.
Bingham Consolidated Mining & Smelting Co. In 1908 the subject company was under heavy mortgage debt, and had other indebtedness. Insolvency or bankruptcy proceedings were started in the latter part of 1908; in December, 1908, there was an execution sale of all property based upon a judgment of the Third Judicial Court of the State of Utah in favor of the Mercantile National Bank of New York. At about this same time the Bingham Mines Co was formed, and offers were made to issue a share of the new Bingham Mines stock in exchange for a share of the old Bingham Consolidated, plus a $3.50 payment for each share. The new company acquired the title to the property, and a great many of the old stockholders kept their interest by carrying out this arrangement. In October, 1917 the stockholders of the Bingham Cons. Mining & Smelting Co. voted to dissolve and on December, 4, 1917 a decree was entered in the Supreme Court of Cumberland County, State of Maine, dissolving the corp. The United States Smelting Refining and Mining Co. bought the property of the Bingham Mines Co. in 1929. March 18, 1936.

Binghamton Novelty Co. Incorporated under the laws of the State of New York on July 17, 1902, and was located at Binghamton, N. Y. The corporation was dissolved by Proclamation of the Governor published March 8, 1926. The following are the directors of the company as contained in the certificate of incorporation: George Frank Smith, 7 Congdon Place, Binghamton, N. Y.; Charles E. Smith, 80 Prospect St., East Orange, N. J.; Alfred F. Hunt, Jr., 96 Broadway, N. Y. C. We made a thorough search for the above directors and have found no trace of them. We covered the banks at Binghamton, N. Y. and have found no record of this company. We found no value to the stock and therefore believe the shares were worthless as of Aug. 18, 1935.

Birmingham & Ansonia Horse Railroad. Incorporated in Connecticut in 1887 and went into receivers' hands in 1888. The road was reported foreclosed and sold and the 6% bonds dated 1887 and due 1937 were not paid in full, leaving no equity for the capital stock which is without value.

Birmingham, Ensley & Bessemer Railway Company. We received the following letter from the First National Bank of Boston, Boston, Mass., signed by L. W. Parker, Transfer Department, and dated March 16th, 1938: "Replying to your letter of March 14, we hold as successor to American Trust Company bonds and scrip representing First Mortgage 5% Thirty-Year Gold Notes of Birmingham-Tidewater Railway Company for delivery against the surrender of Birmingham, Ensley & Bessemer Railway Company certificates of deposit. The new bonds deliverable are at the rate of 50% of the amount of Birmingham, Ensley & Bessemer Railway Company First Mortgage 5% deposited under the Plan of Reorganization of September 15, 1915. There is also a cash payment representing interest July 1, 1916 and January 1, 1917 at the rate of $5. for each $100. face amount of the Birmingham-Tidewater Railway Company bonds.

"It would appear that if your client holds a certificate of deposit in good standing that it should be surrendered to us in accordance with the information above given. As the securities held are in limited denominations it may be necessary that an effort be made to have the securities split, in which event it would appear necessary that Empire Trust Company, the Trustee of Birmingham-Tidewater Railway Company bonds, be asked if this could be done.

"We are unable to report as to the present value of Birmingham-Tidewater bonds. Information to hand indicates that these bonds were paid off and cancelled and it would appear that Empire Trust Company, New York City, the original Trustee, may have handled the payment and could furnish you with information in this respect."

Birmingham & Lineville Railroad. We were informed as follows by the Atlantic Coast Line Railroad in 1932: "(1) The Birmingham & Lineville Railroad was organized under the laws of Alabama on December 8, 1903, at Birmingham, Jefferson Co. and the charter was filed in the office of the Secretary of State in Montgomery the same day. (2) The terminal points as named in the charter were Lineville and Pyrition, in Clay County, with the right to extend the line to Birmingham through Talladega, Shelby, St. Clair and Jefferson counties with the further right to extend from Lineville into Randolph and Tallapoosa counties. (3) John S. Jemison was the Commissioner named in the certificate (or charter) to receive subscriptions and he certified that $2,000 had been paid in cash and deposited in the State Bank of Lineville, which was 2% of the amount subscribed and that he had received from R. L. Ivy, Vassar L. Allen, W. J. Prowell, Robert Jemison contracts for delivery of real estate and personal property and the transfer of certain right of way deeds to said new company. R. H. Pearson subscribed for 10 shares, payable in cash, Robert Jemison, 5 shares, payable in cash, S. E. Thompson, 5 shares, payable in cash, W. J. Prowell, 5 shares, payable in services rendered and to be rendered. John S. Jemison subscribed for 437½ shares, payable in real estate, personal property and services rendered and to be rendered. Vassar L. Allen subscribed for 100 shares, payable in personal property and services, and R. L. Ivy subscribed for 437½ shares, payable in real estate, personal property and services rendered and to be rendered. The authorized capital stock was $100,000. each share to be of the par value of $100. R. H. Pearson was elected President, John Jemison, Vice-President; R. L. Ivy, Secretary and Treasurer. A Mr. Smith, whose initials we do not recall, was constructing a little railroad from Talladega to Pyrition for the purpose of hauling the Pyritese ore from Pyrition to Talladega, and a number of the gentlemen whose names we have mentioned above, particularly Mr. Ivy, conceived the idea of extending the line from Pyrition to Lineville. In a short while it is our understanding the incorporators permitted the corporate existence of the Birmingham & Lineville Railroad to lapse and contractors bought from Mr. Smith most of the ties and part of the rail that he had."

Blair Gold Mining Company. Incorporated in West Virginia in 1896 and had its principal office in New York City. Our directory for 1900 does not list this corporation as a going concern. Our mining directories for 1902 show no record of this company's operations. The Auditors Office of West Virginia states that the company is evidently out of existence. We found no value to the stock and therefore believe the shares are without value.

Blanchite Company Ltd. Incorporated in Maine and had an office at 139 Charles St., N. Y. C. in 1908. Charles Levy was appointed receiver soon after incorporation. Mr. Levy informed us on Feb. 14, 1910 that the company was bankrupt, the petition in bankruptcy having been filed in the Southern District of N. Y. in 1908. The assets were insufficient to pay stockholders any dividends. Therefore, we submit the common and preferred stocks as worthless.

Blickensderfer Manufacturing Co. The First Stamford National Bank & Trust Company of Stamford, Conn. informed us that the property of this company was acquired by the L. R. Roberts Typewriter Co. in 1921. The latter company operated only a short time and went out of business. The property is now controlled by the Remington-Rand Company.		
Blickensderfer Mfg. Company. Supplementing our previous report, Mr. Eugene Sharp Bibb, an attorney located at 250 W. 57th St., N. Y. C. who was attorney for the petitioner informed us that it is his independent recollection that the stockholders of Blickensderfer Mfg. Co. did not participate in the sale of the assets of the L. R. Roberts Co. to the Remington Typewriter Co. in 1927. His recollection is that the debts of the Roberts Co. were so great that they did not pay much of a dividend in liquidation.

Blue Kitchens, Inc. Incorporated in New York and operates a string of restaurants in New York City and has its main office at 56 New St., N. Y. C. President, Milton A. Rosenfeld; Treasurer, A. M. Johnston. Mr. Rosenfeld informed us on July 17, 1936, that the company just settled its differences with their creditors and gave them Class A stock in settlement of their claims. This stock is prior to the common stock which you hold. The company's earnings are increasing and in time it expects to retire the A stock. The common stock has no asset value at this time. However, the Blue Kitchens are very good restaurants and we believe that the company has a good chance to work out of its difficulties. For inventory purposes the shares have only a nominal value. Blue Mountain Iron & Steel Co. Value of First Mortgage 5% bonds due 1929. We received the following letter from the Chase National Bank, 11 Broad Street, New York City, dated March 10, 1938 and signed by Douglas P. Stewart, Asst Trust Officer. "After Produce Exchange Trust Company (succeeded by this bank through consolidation) as Trustee under a mortgage made by the Blue Mountain Iron & Steel Company, dated September 4, 1899, and a confirmatory mortgage dated October 23, 1899, had taken proceedings in Maryland to foreclose the mortgage, bankruptcy proceedings were started against the Blue Mountain Iron & Steel Company in the United States District Court for the District of Maryland, and that court took upon itself, under the Federal statutes, to sell all the property of the bankrupt, including that covered by the lien of the said mortgage, to Produce Exchange Trust Company as Trustee and to distribute to bondholders and others the proceeds of the sale of the bankrupt property by the Trustees in Bankruptcy." Any unclaimed funds are probably held by the above Court.

Blythebourne Water Company. (1st Mtge. 6's 1929 Reg.). This Company was incorporated in New York State in 1899 with an authorized capital of $10,000. full paid other Liabilities than capital $250. Stock Outstanding, $200,000. about half of which was owned by the Borough Park Company. No dividends had been reported paid since 1899 and there has been no sale of the stock in years. The company had been advertised more or less widely throughout it's career by complaints of the consumers, that it was in the habit of shutting down its plant without notice and frequently supplementing its supply from the city mains. It did this Nov. 16, 1918 and on Nov. 22, 1918 gave up entirely notifying the City that it was at the end of its resources and even lacked cash to buy coal. Subsequently the city took over the business of supplying the water customers who had already paid the Blythebourne Water Company for a full year's supply. The City Water department was, it was reported, in effect extending credit to the amount of $256. a day to a bankrupt concern, and was doing so under a great public necessity. In a report to the Board of Estimate, it was suggested that the City take over the water company's plant in payment of its indebtedness to them. We find that on October 30, 1920 Adrian H. Muller & Sons, sold 453 shares of stock at $50. the lot and in August, 1926 the bonds were quoted at 67% and in May, 1927 at 60%. We submit 60% or $600. for each $1000. par value bonds as representing the fair nominal market as of November 11, 1927.

Boise Valley Railway Company. The Boise Trust Co. of Boise, Idaho who were Trustees for the First Mortgage 5% bonds of this company, informed us on July 23, 1936 that they understood from a local attorney this road was liquidated many years ago. The tracks have been removed and there is no visible evidence that such a railway ever existed. It is also the attorney's recollection that the project was practically a total loss. He has no knowledge of the existence of any assets or funds. The First National Bank of Idaho, Boise, Idaho, informed us on July 20, 1936 that they were advised from sources which they consider reliable that the coupons amounting to $9,937.50 due July 2, 1908 from first mortgage 5% bonds of the Boise Valley Railway Co. do not have any value. In view of the above we believe the coupons are worthless.

Bon Air Vanderbilt Company. Value of 8% Debenture Bonds. Lee, Congdon & Fulcher, attorneys. located at Augusta, Georgia, informed us on May 12, 1936, that this company weathered the first several years of the depression, but found its working capital exhausted in the spring of 1932 at the close of the tourist season. Attempts at reorganization were unsuccessful. A new company was formed to lease and operate the properties and 25% of its common stock was allocated to the old Bon Air Vanderbilt Company. Interest payments on the debenture bonds ceased about 1932. The new lessee company sustained a disastrous loss at the time of the Bank Holiday in 1933, at the height of the season, and was forced to surrender its lease in the fall of 1935 when efforts to raise further working capital was unavailing. In October 1935 the 8% Deb. bonds ceased to have any value whatever and nothing was realized by any of the debenture holders.

Bond & Mortgage Guarantee Company. Incorporated under the laws of the State of New York to engage in guaranteeing the payment of mortgages and mortgage certificates on properties in greater New York and Long Island. The company was taken over by the New York State Insurance Department on August 2, 1933, for rehabilitation. As of August 2, 1933, it was reported that the company had absolute liabilities of $835,000,000. and assets of $47,000,000. It has been held that corporate stock may be worthless in one year, notwithstanding that the corporation continues to operate for years thereafter. It is our opinion that the shares first became worthless in 1933 when the records disclosed that the capital stock had no further equity.

Book Cadillac Properties, Inc. Value of 5% Junior Income Bonds due 1947. These bonds had no market value about the date of death. Therefore, I submit only a nominal value of $10. per $1000. bond as fair as of July 30, 1934.
Book Cadillac Properties, Inc. Value of V. T. C. for capital stock. These certificates had no market value at any time near July 30, 1934. Therefore, as the bonds of the company had very little value about the date of death, we believe the V. T. C. for stock were worthless as of July 30, 1934.

Boston & Ely Consolidated Mining Co. Incorporated in Delaware as a consolidation of Boston & Ely Mining Co., Smokey Development Co. and the Ely Northern Copper Co. Operations began Aug. 16, 1919 and shipments were continued to June 1923. In June 1925, operations ceased because the development work accomplished disclosed nothing of value. Leasing operations were noted during 1927 and 1928. On Nov. 21, 1931 it was reported that the company was being dissolved and paid a liquidating dividend of 20 cents per share. On Nov. 26, 1932, a final dividend of 15 cents per share was paid and the stock was cancelled. If your certificates are stamped showing that the dividends were paid thereon and are cancelled, they have no value. However, if the shares are unstamped, 35 cents per share may be collected thereon.
Boston & Ely Consolidated Mining Co. Several years ago this company liquidated and distributed about 35c a share to the stockholders. We understand that the unclaimed dividends were held by Mr. L. E. Whicher, 25 Broad Street, New York City. Mr. Whicher informed us in 1937 that these funds have been exhausted and that the stock has no further value.

We believe the shares are without value.
Boston & Montana Consolidated Copper & Silver Mining Co. Acquired by Anaconda Copper Mining Co.
Boston Montana Mining Corporation. This company passed through a readjustment of its affairs in 1927 and 28. Mr. Arthur B. Chapin then Vice-President, now President of the American Trust Company, Boston; Mr. Leo Wm. Huegle, Secretary of the New England Trust Company, Boston, and Mr. Walter C. Wrye formerly Treasurer of the Pierce Arrow Motor Company of Buffalo, now of 60 State Street, Boston, were members of the readjustment Committee. Under this Plan, the bonds and the "A" Notes of the company were exchanged for the non-accumulative participating preferred stock of the Boston-Montana Mines Company. The "B" Notes of the Old company were exchanged for Common Stock of the new company on payment of 10% of par. The Common stock of the old company, on payment of 15 cents was exchanged share for share. Under this Plan, sufficient money was secured to pay the debts of the company and leave it with sufficient operating capital to put the property into operation, and, as above enumerated, the funded debts of the old company were converted into either the Preferred or Common Stock of the new company. The Readjustment Committee closed its affairs June of 1929 and turned everything over to the company. We have received a letter from the new company, located at 24 Milk Street, Boston, Massachusetts, stating that the time limit for the exchange of stock and notes expired on July 15, 1929. Accordingly we do not believe there was any value attached to the old stock and notes on August 13, 1930.

Bowman-Biltmore Hotels Corporation. Value of certificate issued entitling the holder thereof to receive one share of first preferred stock of the new corporation, namely: the Bowman-Biltmore Hotels Corporation after the new corporation shall have received a regular dividend on the preferred stocks of the Westchester-Biltmore Corporation, received by the new corporation in exchange for such certificate, will be exchanged for each share of preferred stock of the Westchester-Biltmore Corporation. No dividend was ever declared and paid upon the preferred stock of the Westchester-Biltmore Corporation. That Corporation was terminated by a sale of its properties to the Westchester Country Club, Inc. After other direct obligations were paid there was nothing left for the stockholders. We were informed by Mr. Ross of the Bowman-Biltmore Hotels Corporation that the Westchester-Biltmore Corporation owed his corporation something like four million dollars and that the certificate is without value. Consequently, this certificate could never be exchanged for the first preferred stock of the Bowman-Biltmore Hotels Corporation, since the condition upon which it was issued was not fulfilled, and the results of the foreclosure sale, which left nothing for the stockholders. In view of the above we do not believe the certificate issued by the Bowman-Biltmore Hotels Corporation had any value as of November 2nd, 1928 and submit it as such as of that date.

Boyle Mountain Mining & Development Company, Ltd. This company was incorporated under the laws of Idaho, November 3, 1903, with a capitalization of $100,000 and the principal place of business was located at Hailey, Idaho. The company permitted its charter to be forfeited December 1, 1912, which forfeiture still remains in effect. Evidently the property proved worthless and all of the funds had been exhausted in developing the property. H. A. Walter, F. H. Parsons, Thomas Brennan and V. A. Brodhead, all of Hailey, Idaho, were the incorporators. We have not found any record that the stock ever had a value, and in view of the above we believe the shares are worthless.

Bradford Corporation. Mr. C. O. Poor, formerly receiver of the corporation, now located at Railway Exchange, Chicago, Ill., informed us on June 21, 1937 as follows: "The above corporation was placed in receivership in the Federal Court at Chicago on June 2, 1932; the operation of the company was conducted by the undersigned as receiver from that date until Oct. 31, 1935. In Nov. 6, 1935, the remaining assets of the corporation, consisting of a small amount of parts, some machinery and the going business of the company in furnishing repair parts for Bradford Draft Gears, Bolsters, etc., in service, were sold at public auction. In September of 1935 an initial dividend of 10% was paid on claims filed, and on December 28, 1935 a second and final dividend of 8. 0192% was paid to complete the liquidation. The receiver was discharged on May 2, 1936. "In view of the fact that there were sufficient funds upon liquidation to pay only slightly more than 18% to the claimants, it is apparent that there was nothing left for the stockholders, and the stock of the corporation, therefore, is of no value."

Brentwood Holding Corporation. The Brentwood Holding Corporation had not lost its charter up to December 16, 1935. The company owned the property located at 363 W. 34th St., N. Y. C. (Block 758, lot 7). The mortgage on the property dated May 5, 1926 is recorded in Liber 3686, page 217. Across the hall, in the Hall of Records in Deeds & Leases, the leases are recorded in Liber 3708, page 122 and Liber 3950, page 360. In each case William Walzer is President and Abraham Kabrisky, Secretary. We were also informed that A. F. Lowett and Morris Walzer of the firm of Lowett & Schall, 26 Court St., Brooklyn, are familiar with the company. The Guaranty Trust Co. owns the property today and the Lawyers Title & Guaranty Co. of 160 Broadway, N. Y. C. are probably familiar with the company. Mr. William Walzer's address is 16 Court St., Brooklyn, N. Y. Mr. A. Kabrisky, is located at 26 Court St., Brooklyn, N. Y.

However, we were informed that the company has an office at 84 Main Street, Hackensack, New Jersey, in care of Mr. E. W. Weller, an attorney. Mr. Edward F. Chevellar, vice president of the company, located at 18-18th Street, West New York, New Jersey, informed us that the company owns considerable property and are now arranging for the reinstatement of their charter. Mr. Chevellar stated that any financial information may be obtained from Mr. Weller.

Bridge Hampton Bathing Pavilion, Inc. We are advised that the property of this company was appraised by outside appraisers for $12,000, which gave the stock a value of $15. per share if the company was to liquidate. However, there have been no sales of the stock for a long period of time and we believe it would be rather difficult to make a sale at the above price. It is, therefore, our belief that $10. per share would be a fair value of the stock as of October 27, 1929.

British-American Ball Nozzle Co. Incorporated in New York in 1895. The bonds were secured by a first mortgage or deed of trust on patents for Great Britain, made to the New York Security & Trust Co. of New York, Trustee. The New York Trust Co. informed us on January 30, 1937 as follows: "We regret that our files are not very complete in respect of this issue, but an examination discloses that a Bondholders' Committee consisting of Messrs., John W. Gordon, Abram M. Hyatt and Lewis B. Woodruff, acted under an Agreement dated March 12, 1897 providing for the deposit of these bonds with the New York Security & Trust Co (our predecessor), and that the Committee subsequently called for a 3% assessment on the bonds. In a letter dated July 21, 1897 the Committee wrote to New York Security & Trust Co as follow: "The object for which certain bondholders of the British American Ball Nozzle Co. deposited with your company a 3% assessment on their bonds having failed of accomplishment, we recommend that such deposits be repaid subscribers as soon as possible." In view of the above, and that the bonds were secured by patents, we do not believe said bonds have any value at this time.

British Columbia Amalgamated Coal Company. Incorporated in British Columbia and was stricken from the Register for default under the Companies Act, for failing to file annual returns on August 25, 1912. The company leased 17,000 acres of coal lands in the Nicola Valley, British Columbia about 1906. The company was dissolved in 1911. It is our opinion that the venture failed, and the company lost its leases. The shares are worthless.

British Guiana Consolidated Co. Ltd. The Exploration Company of New York is still located at 50 Broad St., N. Y. C. The taxes are being paid for the subject company and still holds its property in British Guiana. Until the company does something with its mine and timber the stock will have little value. It is nominally quoted at 2 cents per share. (9/6/1934.)
British International Corporation. (Del.) Incorporated in Delaware in 1920 and became inoperative in 1925. The 1923 report listed the following officers and directors: S. T. Dudley, N. Y. Broad River Granite Corp. Incorporated in Georgia and according to Mr. Samuel Nesbitt Evins, attorney, located at Atlanta, Ga. the bond issue of the company was foreclosed and the property passed into other hands. We found no funds for the coupons with the Citizens & Southern National Bank at Atlanta, Ga. successors to the Hillyer Trust Co. and the Atlanta Trust Co. and also the Central Bank & Trust Co. According to the Citizens & Southern National Bank only $200. was deposited with them for the purpose of paying at par bonds No. 118 and 119 for $100. each in 1924. We notice that your coupons were taken from bonds No. 117 and No. 118. Apparently no provision was made for your coupons when the property was sold under foreclosure. In view of the above we believe the stock and coupons are without value.

Broadway Temple Bldg Corp. Incorporated in New York and is located at 639 West 173rd St., N. Y. C. Interest is payable if earned. No interest has been paid to date. The indenture does not permit foreclosure for non-payment of interest, except in event of misapplication of earnings. The bonds are at present quoted at ⅛ flat. We believe that with the increasing improvement in real estate these bonds should be worth considerably more than their present market in the near future.

Brooklyn Ferry Company. The Irving Trust Company of New York City informed us as follows on November 12, 1937: "Your letter of Nov. 9th concerns a Certificate of Deposit issued by Knickerbocker Trust Co. (one of our former names) for First Consolidated Mortgage 5% Bonds of the Brooklyn Ferry Co. Our records show that the Consolidated Mortgage was foreclosed and the property purchased by depositing Consolidated Mortgage bondholders, subject to a First Mortgage of $1,000,000. Title of the property was taken in the name of the New York Terminal Co. In 1917 the First Mortgage became due and was foreclosed. The Proceeds derived from the sale were sufficient only to pay a small amount on the First Mortgage Bonds. It therefore appears that the Certificate of Deposit representing First Consolidated Mortgage 5% Gold Bonds are without value."

Brotherhood Investment Co. (Ohio). The Central National Bank of Cleveland, Ohio, informed us as follows on June 22, 1937: "As we understand it, all of the collateral pledged to secure the collateral trust bonds of the Brotherhood Investment Company were sold at the direction of the Bondholders Protective Committee and substantially all the proceeds were paid to the bondholders. The only remaining assets apparently consist of a deficiency judgment against the issuing Company, of very doubtful value, and a certificate of claim in the Standard Trust Bank of this city, in liquidation. "We have been informed that as and when sufficient funds are realized from the liquidation of this Certificate of Claim, there may be a purely nominal distribution to the bondholders." If you have not received any payments on the above bonds, we suggest your contacting the above bank. There was no equity left for the stock which is without value.

Brothers Valley Coal Company, Somerset, Pennsylvania. We received the following information from Mr. H. R. Reed of the subject company on January 6, 1937: "We are attaching a copy of our last statement, issued October 31, 1936, which you will find is anything but encouraging. The local county Commissioners have purchased from the County Treasurer, account of non-payment of taxes, over one hundred (100) of our properties, constituting nine-tenths of our holdings, and we are experiencing continous difficulty in meeting our payrolls when due. We are hopeful of reducing our indebtedness slightly during the next few months but as for placing any value on our stock, we would hesitate to do.

Brunswick Street Railroad Co. Value of 1st Mtge 5% bonds due January 1, 1912 with July 1, 1891 and subsequent coupons attached No. 91 for $500. Company chartered in 1884 and started operations in 1887. Funded debt $150,000. of 5% bonds. Proceedings were instituted in 1892 in the Superior Court, Glynn County, Georgia, against the above company by L. D. Hoyt & Co. and others as creditors. The Farmers Loan & Trust Co. as Trustee under the Mortgage given to secure the above bonds was granted leave to intervene in those proceedings and thereafter filed its bill of complaint to foreclose the Mortgage. It appears that the final decree dated Feb. 22, 1893 providing for the sale of the properties was entered upon the consent of all litigating parties. It provided that the purchaser should make a cash payment of at least $10,000. but that the balance might be paid with bonds of the above issue. The decree also provided for the payment out of the cash proceeds of certain priority claims of considerable amount. Apparently the property was sold on April 4, 1893 for $10,000. cash, which cash was consumed in the payment of costs, expenses and fees and that the bondholders realized nothing from the sale.
Brunswick Subscription Company. N. Y. 1935.
Brunswick Terminal and Railway Securities Co. Incorporated under Georgia laws in January 1897, and has real estate holdings in Brunswick, Georgia and on St. Simon's Island, which comprises approximately 4,300 lots in the City of Brunswick, and about 5,000 acres of land in the nearby vicinity. The company on September 13, 1933 filed a voluntary petition in bankruptcy in the United States District Court. Mr. R. A. Gould, care of Brunswick Hardware Company, Brunswick, Georgia was appointed Trustee in bankruptcy and was at March 16, 1935 still in the process of liquidating the company's assets. The following is a summary of Assets and Liabilities as furnished to E. K. Bennett, Referee in Bankruptcy, Waycross, Georgia as of October 16, 1933.

Name State Date Charter Forfeited

ASSETS

Real Estate	$332,086.
Office Equipment	500.
Securities	4,000.
Note receivable	26,342.
Total	$362,928.

LIABILITIES

Taxes	$ 14,428.
Paving	8,700.
Unsecured claims	52,718.
Secured claims	3,500.
Total	$79,346.

On February 2, 1934 the Trustee reported that the assets of the company showed considerable more worth than the liabilities and it was hoped by the Court to liquidate the indebtedness and return the company's remaining assets to the stockholders. Mr. George W. Steele, attorney and president of the company, located at 20 Exchange Place, New York City, informed me on June 5th, 1935 that the company is still in the process of liquidation and that its assets exceed liabilities by about $100,000. Statement of condition as of Dec. 31, 1936, showed the following:

Assets:

Unimproved real estate at appraised valuation	$102,480.00
Notes receivable	4,381.00
Securities Owned	5,000.00
Cash	3,770.00
Items in process of collection	8,778.00
Total Assets	$124,409.00
Liabilities	99,496.00

Buffalo-Monitor Mining Company. Incorporated in Oregon on March 2, 1901 and was located at 814 Spalding Bldg., Portland Ore., according to the last report filed on May 27, 1936. President, R. T. Cox, Portland, Ore.; Treasurer, Herbert S. Nichols, 810 Corbett Bldg., Portland, Ore. Mr. L. H. Meister, located at the above address informed us on Sept. 4, 1936 that the property of this company consisting of a quartz mine in Eastern Oregon was sold on August 29, 1936 for labor liens. The mine had been under lease and the operator had gone broke leaving about $4000. in unpaid bills. The mine was the only asset of the company. The shares are without value.

Buffalo North End Land Company. Incorporated under the laws of the State of New York on September 27, 1909. Mr. G. A. T. Hagen, care of Hedstrom-Spaulding Co., 15 East Genesee Street, Buffalo, New York, informed us on June 4, 1936, that the property of this company consists of several acres of vacant land located on Skillen Street, Buffalo, New York, adjoining the New York Central Railroad. It is an industrial site and is being actively offered for sale. Not until a sale is consummated can the value of the stockholdings be determined. At the present time there is practically no funds in the treasury and the company is behind in the payment of taxes. Mr. Hagen states that an assessment will have to be levied on all stockholders very soon to protect their property. He states that a few of the large stockholders feel that the taxes should be paid. We suggest that you get in touch with Mr. Hagen as soon as possible if you wish to protect your interests. (1936.)

Buffalo Ontario Gold Mining Co. We received the following letter from the Buffalo Better Business dated May 22, 1937. "In reply to your request of May 20th, we understand that Buffalonians have been offered shares in the subject company at twenty-five cents each. H. J. McAvoy, President & Director, Buffalo, N. Y. C. D. Parker, Vice Pres. & Director, Lockport, N. Y. Harry Vaudel, Sec'y Treasurer & Director, N. Y., J. Walter Young Director, Toronto, Ontario. Herman Seydel, Director, Jersey City, N. J. "We are informed that the prospectus state that H. J. McAvoy is "former Hydro Commissioner of Canada". We understand that McAvoy was one of the commissioners of the Hydro-Electric Power Commission for the municipality of St. Catherines in years 1918 and 1919, and that this was more or less of an honoary position carrying an annual salary of $25. We understand that the securities have not been registered with the Securities & Exchange Commission. We further understand that the shares are being sold to net 15¢ to the company. "J. Walter Young, one of the directors, is a manufacturer's agent or jobber of Toronto, under the name Strong, Scales Service, Ltd. We are at present engaged in correspondence with the Securities & Exchange Commission but I believe this is practically all the information we can give you regarding the officers. Their office is located at 7901 Dun Bldg., Buffalo. Our files indicate that McAvoy is said to have been connected with the Victory Silver Mines of St. Catherines which was not successful."

Our letters addressed to the club have not been answered nor returned. In view of the fact that the share is subject to redemption or cancellation when the holder ceases to be a member, it is our opinion that the accrued dues would more than equal the redemption value of the certificate, if the holder has not been a member for 5 years or more.

Burgoyne Light & Signal Corporation. (Delaware) This corporation was organized under the laws of Delaware for the purpose of manufacturing signal lamps, etc. The first definite information we have located on this corporation is that Mr. James F. Donnelly was President about three or four years ago and that the lamps were manufactured under an arrangement with the Todd Shipyards Corporation lamp division and some sales and installations were made in several communities at that time. However, a disagreement arose and the Todd Shipyards Corporation gave up the manufacture some three years ago, retaining such patterns, etc. as were in their possession. Since that time it would appear that the corporation has remained dormant due to their inability to arrive at a satisfactory arrangement with the Todd Company or with others. Since this particular field has developed greatly within the last three years, competition constantly increasing, we believe that under the circumstances enumerated above, that as of March 24, 1928 this stock was worthless.

Bush Service Corporation. Organized in 1924 by Bush Terminal Company and European associates. The corporation owned sixteen subsidiary corporations organized in sixteen European countries, which subsidiaries are associated with fifty-four service companies located in twenty-three European countries. The corporation was engaged in foreign market development and the handling and financing of export and import trade. The corporation, on April 1, 1930, acquired the First Federal Foreign Banking Corporation. Mr. Frederick Baker, formerly Chairman of the Board of this corporation, now located at 44 Wall Street, New York City, and who is on the National City Bank's telephone, informed me that the corporation pledged all its security holdings for a loan from the Bank of America, now, National City Bank. These holdings were sold at public auction on June 29, 1934, and the bulk of the securities were bought in by the National City Bank. The amount received from the sale of the collateral was insufficient to pay the corporation's bank loan in full, leaving the corporation with about $5,000 of assets and owing the National City Bank over $1,000,000. The Balance Sheet of the Bush Service Corporation for the year ending December 31, 1933, as prepared by Zulken & Cohen, attorneys for the corporation, disclosed the following:

Book Value per share of preferred stock as of December 31, 1933 ..... $97.10

The preferred shares of the Bush Service Corporation had a book value of $97.10 per share as of December 31, 1933, as shown by the company's financial statement which was prepared from its Income Tax Return. Although the above statement does not show any equity for the common stock I believe the shares had a nominal value as of January 1, 1934. It is therefore my opinion that the preferred and common shares of the Bush Service Corporation for the first time definitely became worthless in 1934, following the sale of the corporation's assets at public auction on June 29, 1934, at which time the corporation ceased to exist.

Butte Argenta Copper Company. Incorporated in Montana on Feb. 12, 1906 and was located at Butte, Montana. Mine office at Argenta, Mont. President J. P. Oppenheimer. According to reports company had liabilities of $40,000. on January 1, 1909. In 1912 the company was reported idle. Its liabilities on January 1, 1910 were $25,650. Liabilities on January 1, 1914 were $53,617. In 1918 the company was reported as dead. We found no value to the stock and therefore believe the shares are without value.
Butte Ballaklana Copper Co. The property was sold at foreclosure sale at Butte, Montana, on October 2, 1920, to the Bondholders Committee representing the Silver Butte Mines Co. for $2,225,000. Under the Plan of Reorganization the bondholders waived the interest on the bonds to over $40,000. and agreed to take ⅓ face amount of their bonds in stock of the Silver Butte Mines Co. and the balance in cash.
Butte & Boston Consolidated Mining Co. Acquired by Anaconda Copper Mining Co.

Butte City Water Company, Butte, Montana. The Butte Water Company, located at 25 Broadway, New York City, informed us on October 11, 1937, that the Butte City Water Company was reorganized in June 1900. Holders of the shares in the old company were entitled to participate in the reorganization upon payment of $500. for each ten shares of stock which they held, for which they were to receive a bond for $500. and five shares of the new company's stock. The right to participate under the plan expired July 16, 1900 and the underwriters were obliged to take over the subscriptions not availed of by the old stockholders. Failure to subscribe left the old stock of no value.
Butte Coalition Mining Co. The assets having been sold the shareholders voted to dissolve the company and return to the holders of 1,000,000 shares of outstanding stock (par $15. each) their pro rata share of treasury assets, consisting of 520,000 shares of stock of the Anaconda Copper Mining Co. par $25. each. The distribution was made on the basis of 52 shares of Anaconda stock and $446. in cash for each 100 shares of Butte stock.
Butte Copper Company. Mr. Thomas J. Broidrick, of 120 Broadway, New York City, informed us that the property of this company is in the hands of Coleman F. Madden. He stated that if conditions improve Mr. Madden will start operating the property under a new name and at the same time take care of the stockholders of the old Butte Copper Co.
Butte Falls Prune Growers Association. Oregon 1938.
Butte & Greenwater Copper Co. Incorporated in South Dakota and its term of existence expired by limitation in 1926. As the company failed to file any reports since incorporation, it is our opinion that the company did not get beyond the development stage and the shares are without value.
Butte Holding Corp. of N. Y. N. Y. 1935.
Butte Mines Holding Company. Incorporated in South Dakota and was last located at 85 Hirbour Bldg., Butte, Montana, and I. O. Goodman of Butte was President. We know of no market for the stock.

Cactus Development Co. Incorporated in Minnesota in 1908. Mr. Garrett Mott, 111 Broadway, N. Y. C. informed us as follows on July 13, 1937. "A good many years ago I bought, for the account of Pinto Valley Co., some property formerly belonging to Cactus Copper Co. or Cactus Development Co., but it was bought at foreclosure sale from the bondholders of the Arizona National Copper Co. It is therefore my opinion, for whatever it may be worth, that the stock of the Cactus Copper Co. and the Cactus Development Co. are worthless."

Caddo Central Oil & Refining Corporation. Capital Stock. Incorporated in New York on May 2, 1919. Capital Stock; authorized, 200,000 shares of no par value; outstanding, 168,500 shares. Capital Stock changed from 150,000 shares of $100. par value each in April 1920. All of the property of this company was sold out under foreclosure January 9, 1926 and bought in by the bondholders. The Crystal Oil Refining Corporation was organized and the owners of Caddo Central Oil & Refining Corporation were given the right to pay $1. per share of stock and receive one-tenth of a share of Crystal Common Stock. This offer, however, expired on March 31, 1926 and the Caddo Central Oil & Refining Corporation Common Stock was therefore of no value as of September 13, 1928.
Caddo Central Oil & Refining Corporation. Certificates of Deposit of Guaranty Trust Company, New York City, for 6% bonds, and for 6% bonds of the Caddo Oil & Refining Company of La. should be presented to the Guaranty Trust Company to be exchanged for common and preferred stock of the Crystal Oil Refining Company.

Cadet Hosiery Company, Inc. Incorporated: Wilmington, Delaware. Certificates Dated: (Temporary) July 1st, 1929. Certificates Signed by: Common—H. M. Guyer, Vice-Pres., & R. F. Evans, Ass't Secy. Class "A"—W. M. Pepper, Pres, & R. F. Evans, Ass't Secy. Misc. Provisions: Class "A"—Holders entitle to cumulative dividends at the rate of $2.00 per annum, payable Semi-Annually when declared. Redeemable @ $30. per share, plus accrued and unpaid dividends, only after all the Preferred stock shall have been redeemed. The same terms exist in the event of dissolution of the Company. Standard Statistics reports—Dec. 15, 1930 Federal Judge Thompson, Philadelphia, appointed David S. Ludlum & Horace E. Palmer permanent receivers for the Company. Carr & Krauss, counsel for Company, report that steps would be taken immediately to work out a new reorganization plan for Company. Present financial difficulties were said to be direct result of the collapse of Caldwell & Co., bankers of Nashville, Tenn. Jan. 7, 1931—Above Judge approved a tentative plan of the above receivers in equity for a unification of all assets of Company for purpose of obtaining best there was in property in event of a reorganization or a liquidation.

Cairo, Vincennes & Chicago Railroad Company.	This company was reorganized about 1889, and its property was transferred to the Cleveland, Cincinnati, Chicago & St. Louis Railway Company. The property was paid for in new 4% bonds of the successor company due 1939, which were exchanged for Reorganization Committee Receipts of the Cairo Divisional Bonds of the Wabash Railroad. These receipts were exchangeable at J. P. Morgan & Co.	
Cairo & Vincennes Railroad.	Property foreclosed and was bought by the Trustees of the First Mortgage for $2,000.000. The sale price of the road, being less than the amount of the first mortgage, did not afford any payment or recognition of subsequent claims. In 1880 it was reported by J. S. Morgan & Co., now J. P. Morgan & Co. that the first mortgage bondholders could claim their pro rata share of the sale price upon surrender of their bonds. Those that deposited their bonds received dollar for dollar in common stock of a new company, which was subsequently exchanged for common stock of the Wabash, St. Louis & Pacific Railway Company. This latter road was subsequently consolidated into the Wabash Railroad.

Campbell, A. S., Company. Mr. Carl F. Schipper, Jr. attorney for A. S. Campbell & Co. Inc. located at 19 Milk St., Boston, Mass., informed us as follows on May 7, 1937: "There have been three corporations in all bearing the name A. S. Campbell. The first one, A. S. Campbell Company, was incorporated in 1910 and dissolved in 1923. The second one, A. S. Campbell Co. (which is the one to which you refer and to which you addressed your letter) was incorporated June 25, 1920 and was dissolved January 1, 1935. The third one A. S. Campbell Co., Inc. was incorporated June 23, 1933 and is still in existence and doing business. A. S. Campbell Co. was successor to A. S. Campbell Company, and A. S. Campbell Co., Inc. is successor to A. S. Campbell Co. A. S. Campbell Co. went in equity receivership in 1933 and it was the result of a reorganization that the present A. S. Campbell Co., Inc. took over the business. The present office and plant of A. S. Campbell & Co., Inc. is at 161 Prescott St., East Boston, Mass. All of the above corporations were or are Massachusetts corporations."

first dividend of 2 cents per share was paid in 1930. Mr. Clement K. Quinn, President of the company, located at the above address informed us as follows as of Sept. 15, 1936: "Canam Metals Limited stock is not listed on any exchange. It was listed on the Toronto Stock Exchange and traded there, but transactions became so few and far between that with the press of other listings the stock was dropped. In a letter sent to all shareholders on January 5, 1935, it was explained, as it had been previously, that it was proposed to exchange stock in Canam Metals Ltd. for United Gold Mines Corp. stock when and if United Gold Mines Corp. stock now held by Canam Metals is released from escrow. It is indefinite as to when this stock will be released. Conditions imposed by the State Securities Commission require that this vendors stock be held until Minnesota investors in United Gold Mines Corp., exclusive of the management, receive from earnings the amount paid for their stock. The market for Canam Metals stock at present is but nominal, as there has been no trading in it. The company is inactive excepting for its holdings in United Gold Mines Corporation stock. The latter company is operating two mines in Montana, the Golden Messenger, a gold property treating about 125 tons per day, the Mount Washington being under development. No salaries were ever paid or any expenses for management in connection with Canam Metals Limited from the time of its organization, and in addition the writer and one or two close associates used in excess of $300,000. of their own money in an attempt to protect its properties and carry it through the period of the depression." We know of no present market for the shares. United Gold Mines stock is quoted at 1/8.

Candelaria Mines Company. Incorporated January 1918 and reorganized in 1924 as the New Candelaria Mines Co. The company's property was leased from the Argentum Mining Company of Nevada. In early 1926 the company's mines were producing sulphide ore of good shipping grade according to reports. In mid 1926, all operations were discontinued as the company was unable to pay royalties and money borrowed from the Argentum Mining Company of Neveda. According to the "Mines Handbook" the company lost its lease and seven adjoining claims on January 1, 1937, due to a judgment obtained by the Argentum Mining Company of Neveda. The shares were assessable, and if four assessments of 2½¢ per share had not been paid by July 2, 1926, the shares became worthless when the assessments were delinquent.

My files in this matter were destroyed August 20, 1926, so that I have no data in my office concerning the matter since that time. My recollection is that a party by the name of Wolfe organized this concern, filing certificate of incorporation with the Secretary of State at Trenton, I think for a time they operated a brick plant somewhere in Middlesex County. So far as I know the stock has no present value. At the present time I do not know where any of the incorporators live."

Capuzaya Mining Company. (District of Columbia). We received the following letter from John E. Laskey located at Albee Bldg., Washington, D. C., on June 30, 1937. ". . . I beg to say that on October 22, 1907, I was appointed temporary receiver for Capuzaya Mining Co. in U. S. vs. Capuzaya Mining Co., Equity No. 27, 425, Supreme Court of the District of Columbia. The defendant company was organized under the laws of the District of Columbia. In said cause as temporary receiver I filed a report showing that a formal agreement, as of January 3, 1908, had been entered into between the defendant company and a then newly organized Capuzaya Mining Company of Delaware whereby the defendant company sold, assigned and transferred all its assets to the Delaware company, said last-mentioned company assuming all the debts of the District of Columbia company. On the 13th day of July, 1909, in said cause, an order was entered discharging the temporary receiver, and directing him to turn over all books, records and assets of the defendant company in his hands to the Delaware Company, which was done. One William P. Fairman was President and William R. Kay its Secretary. I have no knowledge of the present value, if any, of the bonds of the Capuzaya Mining Co."

Carbon Street Railway Company. Incorporated in Pennsylvania on October 27, 1904, to take over the Mauch Chunk, Lehighton & Slatington Street Railway, which was sold under foreclosure in April, 1904. Capital stock $354,000. par $50. a share. The Carbon Street Railway Co. made a mortgage to the Mauch Chunck Trust Company, Trustee, to secure an issue of $75,000. first mortgage 5% bonds dated April 1, 1905, due April 1, 1925 and at that time the officers were as follows: Col. Harry C. Trexler, president and director; J. M. Driesbach, secretary and treasurer; Andrew S. Keck, vice president and director. The Carbon Street Railway Company property was placed in the hands of a receiver and its property subsequently sold at foreclosure on May 16, 1908. At the receiver's sale the entire property including the trolley road from Mauch Chunk to Lehighton, power house, etc., was bid in for $20,000. by representatives of the Bondholders Committee. The Carbon Transit Company was organized in July, 1908, under the laws of Pennsylvania as a reorganization of the Carbon Street Railway and we do not find that any provision was made for the old capital stock of the latter company. Therefore as the property was sold at foreclosure for $20,000. subject to a $75,000. mortgage we assume that the capital stock was wiped out and that it is of no value. The Mauch Chunk Trust Co. of Mauch Chunk, Penna., informed us that the stock of this company had no equity after the sale and is without value.

Carlisle Tire Corporation. The present Carlisle Corporation was incorporated in Delaware in 1919 succeeding a company of similar name organized several years before. Its authorized capitalization consists of $3,000,000 8% cumulative preferred stock (par value $25. per share) and 300,000 shares of common stock of no par value. We understand that when the preferred stock was first offered a bonus of 1½ shares of common was given but this was later changed to one share of common with each share of preferred. According to reports the Carlisle Tire Corporation formerly operated at Andover, Mass., where its manufacturing was done in one of the buildings of the Tyer Tire Corporation, the Carlisle Company having no plant of its own and only a moderate investment in machinery. The new company, we understand, contracted for the construction of a factory at Stamford, Connecticut and it was expected to have active production started by July 1st. The process under which the company manufactures its tires said to be more economical than the ordinary method, but results are reported to have been unsatisfactory. Some of the later tires made are understood to have given better service and it was hoped that the improved process would result in a more satisfactory tire. The original company got into financial difficulties, because its process did not work out as anticipated, with its liabilities substantially in excess of its assets. On January 26, 1929 the charter of the company was forfeited for non-payment of taxes. In December 1923, 8 shares of preferred and common stock sold at auction for $1. the lot. In 1927, 200 shares of common sold at auction for $1. the lot. In view of the above we believe the common and preferred stock has only a nominal value, if any, as of October 23, 1929.

Carolina Company, Carolina, R. I. Incorporated in 1914 with a capital of $450,000. The company was engaged in the business of manufacturing woolens for men and women. The plant had 9 sets of cards, 48 broad looms, 2 pickers, 4 boilers and employed 175 people in 1927. President, John R. Hinchliffe; Secretary, Ronald G. Hinchliffe; Buyer, William Hinchliffe; Agent, Campbell & Lunch, N. Y. C. (out of business). The Washington Trust Co. of Hope Valley, R. I. informed us on Aug. 3, 1935 that the stock of the Carolina Co. is worthless. Ahead of the stock is a very large bond issue on the plant. Even the bonds are of no value because the property was sold for taxes some time ago.

Carson Hill Gold Mining Co. Stock has an exchange value.
Carson Hill Gold Mining Company. The Treasurer of the Central Mother Lode Mines Company, located at 1 State Street, Boston, Mass. informed us in 1928 that the shares of Carson Hill Gold Mining Company could still be exchanged for shares of Central Mother Lode, by surrender of the shares at the First National Bank of Boston. To protect its interest the First National Bank of Boston foreclosed on the property and although the company had the privilege of redemption in 1928, the stock had no intrinsic value at that time. The 7% Conv. Gold Notes due March 1, 1927, received a distribution of $12.75 on each $1000. unstamped Note, having March 1, 1925 and subsequent coupons attached, Payable at the First National Bank, Boston, Mass.

Carthage Water Works Company. We received the following letter from the City Treasurer, Mr. C. W. Swarens, Central National Bank, Carthage, Missouri, dated April 4, 1938. "In answer to your inquiry in regard to Carthage Water Works Company bonds dated 1889. I have inquired of some of the older citizens. They say this was an old privately owned corporation which has been defunct many years. The present municipal plant was started in 1898." Will you kindly inform us where the American Loan & Trust Company, Trustee, was located.

Castle Realty Company. Mr. Harvard Castle whose last known address was 1155 University Avenue, Rochester, N. Y. was President of the company. We understand that he is at present employed by a Hospital Supply Company in Rochester owned principally by a Mr. Castle. This company went out of business about 1925. It was formed to buy real estate in Florida. As the holdings were mortgaged and being unable to pay interest on the mortgages the several properties were either taken over by the mortgagees or foreclosed. At one time Mr. I. N. Williams was secretary of the company and may have been so at the time it wound up its business. He made an investigation as to the value of its holdings at the request of the stockholders of the company at a meeting called in New York and made a report to the stockholders. It was decided to drop the matter and regard the stock as worthless. Mr. I. N. Williams address Feb. 17, 1936 was Hotel Ames, St. Petersburg, Fla.

Catalytic Chemical Company, Incorporated. Incorporated in New York on August 16, 1918, and certificate of dissolution was filed on April 12, 1932. President, Lloyd M. Robbins; Vice Pres., F. Frank Baldwin; Vice Pres., William M. Baldwin, 17 Battery Place, New York City; Treasurer, Jos. Stevens. Mr. William M. Baldwin informed me as follows on April 5, 1938: "In reply to yours of the 4th inst., I would say that the Catalytic Chemical Company, Inc. was formed on short notice during the war to break the famine in a product called Phthalic Acid Anhydride which had hitherto come from Germany. The plant was not completed until shortly before the war ended, but during that short period its product sold for $3.00 to $5.00 per pound and the business looked most promising. Shortly after the Armistice—the embargo on German goods was lifted—the price on this Company's product dropped rapidly and later, with the discovery of a new and much cheaper method of manufacture, it went as low as twenty-five to thirty cents per pound, at which level the Catalytic Chemical Company could operate only at a heavy loss. Consequently the plant was closed and some years later was sold at a fraction of the cost of its expense, special machinery—to other parties, who were only interested in the ground and buildings. The proceeds of the sale were not sufficient to take care of more than a small portion of the company's indebtedness, —the stock, therefore, became of no value—and the Company was finally wound up. In short—this enterprise was purely a war baby which died after the war ended.

Central Appalachian Co., Ltd. Incorporated in Kentucky on May 21, 1894 and was located at Pineville, Ky. The secretary of the company Joseph C. Willetts, was located at 16 Exchange Place, New York City. No reports were ever filed with the State of Kentucky. Our "Directory of Directors" for 1902 lists Mr. Willetts, but did not find this company among the companies of which he was a director. Our "Copartnership & Corporation Directory" for 1901 does not list this corporation. Apparently the company went out of business and ceased to exist before 1901.

Central Appalachian Co., Ltd. The Fordson Coal Co. of Peabody, Ky. informed us that on August 5, 1892 this company purchased from the Kentucky Coal Iron & Development Co. certain land located in Clay and Leslie Counties of Kentucky. The company sold these same lands on Nov. 1, 1894 to the International Development Co. We have been unable to find what disposition was made for the stockholders. We were referred to Mr. J. C. Jones, an attorney, located at Frankfort, Ky., who would have further information regarding the final winding up of the company. Mr. Jones has not answered our letters. It is our opinion however that the shares have no value at this time.

Central Bottling Company. Incorporated in Ohio and was located at 167 E. Central Avenue, Toledo, Ohio, and Lawrence Lewandowski was general manager. Mr. S. E. Krysaniak who we believe was a former officer of the company informed our correspondent in Toledo that this company failed about 15 years ago, at which time the company was dissolved. Mr. Krysaniak further stated that the stock has no present value, and that there were no assets at the time the company failed. The stock in our opinion has no value. Mr. Krysaniak operates Krysaniak's Drug Store at 3037 Stickney Avenue, Toledo, Ohio.

Central Fibre Corporation. Company filed its last return in Augusta, Maine in 1934, and the charter of the corporation was suspended in 1934 for non-payment of the franchise tax. Meeting of incorporation held at the office of E. H. Maxcy in Augusta, Maine. President, Nathaniel W. Wilson, 9 Green St., Augusta, Main; Clerk, E. H. Maxcy, 9 Green St., St., Augusta, Maine; Director, L. A. Burleigh, Maine. Mr. Nathaniel W. Wilson of 9 Green St., Augusta, Maine, informed us on June 11th, 1937 as follows: "....there is absolutely no value to the Second Preferred Stock of Central Fibre Corporation. In December of 1935 the receivers of the Augusta Trust Company, the holders of a note in the sum of $5000. brought suit against the company and attached the real estate. Judgment was rendered and execution taken out and the real estate and personal property sold on the execution in August of 1936 so that at the present time the company has absolutely no assets and considerable liabilities."

Central Utilities Securities Corporation. (Maine) Olwell & Brady, attorneys, located at Railway Exchange Building, Milwaukee, Wisconsin, informed me on June 16th, 1937 as follows: "I acknowledge receipt of your June 14th letter addressed to Mr. Olwell, inquiring about the status of the Central Utilities Securities Corporation and the present value of its stock.

"Mr. Olwell is presently in Great Britain and will not return until September. From his files, however, I am able to give you the following information.

"The Central Utilities Securities Corporation was incorporated under the laws of the State of Maine. Liquidation proceedings pursuant to the provisions of the laws of that State, were started in 1928. Three liquidating dividends (the final in June of 1929) aggregating $39.61 a share were paid on the outstanding preferred stock out of the proceeds from the sale of all the company's assets.

"Under the articles of organization of the company, the preferred stock, which was cumulative, had preference upon liquidation to the extent of its par and accrued interest. The par value of the preferred stock was $100. per share. The common stock accordingly has no value."

Certigue Mining & Dredging Co. Incorporated in South Dakota and according to a report dated March 26, 1910, the company was in debt to the extent of $34,000. An additional $30,000. was required to determine the value of the company's property and carry on operations. The company asked the stockholders to contribute $16. for each 100 shares held. The outlook was so uncertain that the shareholders failed to contribute any further capital, which disrupted the company and eliminated whatever value the shares possessed. The term of existence of the company expired by limitation of its charter in 1923. We do not attach any value to the stock.

Chain Stores Development Corporation. Incorporated under the laws of the State of Delaware and is no longer in existence having become inoperative and void on April 1, 1933. The address as shown by the last annual report filed for the year 1931 was 115 Broadway, New York City, and the following were the last known officers: D. W. Webb, Pres., Miami, Florida; A. V. Sheehan, Secy.; M. W. Miller, Treas. We understand that Townsend & Meloy, located at 155 E. 44th Street, New York City, promoted the company. Mr. D. W. Webb, located at 212 Shoreland Building, Miami, Florida, informed us on May 5, 1936, that the corporation has been inactive since 1932. Its principal subsidiary corporation was liquidated in November, 1932, and according to Mr. Webb, the company has been without assets and liabilities, and its shares have had no value since 1932. In view of the above the shares first became worthless in 1932.

Chandler-Cleveland Motors Corporation. Van Vorst Seigel & Smith, attorneys, located at 25 Broad Street, New York City, informed us on June 13, 1929, that this corporation was dissolved on May 21, 1929. The assets were probably required by the Hupp Motor Car Corporation, because on Feb. 12, 1929 Hupp offered to issue one share of their common stock for each 3¼ shares of Chandler common. This offer expired on April 15, 1929. The Preference stock was entitled to $50. per share. The attorneys stated in June 1929, that the value of the company's assets was not sufficient to pay anything to the common stock.

Chanute Cement & Clay Product Co. Value of Interim 1st Mtge. 6% bond due 1925 with December 1, 1909 and subsequent coupons attached. Incorporated in Maine in 1904 and made a mortgage to the Cleveland Trust Company as trustee, to secure the $2,000,000. of 6% bonds dated 1905, which in March, 1907 there were $750,000. outstanding and $100,000. in reserve. In August 1909 the property was placed in receivers hands. It was reported that the property was sold in March, 1910 for $75,000. The following letter was received from the Cleveland Trust Company on June 14, 1935. "With reference to bonds of the Chanute Cement and Clay Products Company, the company was placed in bankruptcy and in March, 1910 its property located in the State of Kansas was sold by the Trustee in Bankruptcy, and we are informed that the proceeds were only sufficient to pay costs and mechanics' liens which were prior to the lien of the bonds. The property of the company located in the states of Ohio and Michigan was sold by the Trustee in Bankruptcy but did not bring sufficient to pay an issue of $100,000. underlying bonds. It appears that there were other bonds prior to the 1st mtge. bonds of this company, probably 1st mtge. bonds of a subsidiary that had a prior lien. The bonds in our opinion are worthless.

Charleston Gas & Electric Company. Value of First Mortgage 6% bonds due 1911. Incorporated in West Virginia on January 2, 1891 and had its principal office at Charleston, W. Va. The company apparently went out of existence soon after 1904. We searched our files and State Public Utility books of West Virginia and found no record of the company. We believe the bonds were issued and secured only a franchise which the company forfeited by default. The Chase National Bank, successors to the Fourth National Bank, informed us that they know nothing about this company. The bonds in our opinion have no value.

Chesapeake & Delaware Canal Co. Chartered in 1799. The U. S. Government loaned the company about $3,014,290. to build the canal, etc. for which the Government received stock. In 1873, 1875 and 1876 the company declared dividends on the stock, but apparently failed to pay the dividends to the Government. In 1915 the U. S. Government brought suit to recover the amount owed to them and according to reports the U. S. Government acquired the properties in 1919 in consideration of its debt.
Chesapeake & Delaware Canal Co. The War Department (U. S. A.) informed us on January 13, 1937 as follows: "The United States acquired the property of this company under a condemnation suit instituted in the United States District Court fo Delaware. The award was made by the said court o August 1, 1919, and the Government took possession of the property on August 13, 1919.

"The value of the porperty was fixed at	$2,514,289.70
To the Fidelity Trust Co, Trustee, under a mortgage to secure the bondholders	2,436,451.60
To the United States on account of a judgement rendered January 21, 1916, with interest and costs	77,838.04
To the Chesapeake and Delaware Canal Co.	.06
	$2,514,289.70

The shares are therefore worthless.

Chesapeake & Ohio Canal Co. The Baltimore & Ohio R. R. informed us in 1933 that these bonds are commonly known as bonds of 1844, secured by mortgage of 1848. The bonds are a lien only on the tolls and revenue of the Canal as decided in the Canal Case in 83 Md. Report and the Canal has not been in operation for 7 or 8 years and is now in the hands of the trustees for the bondholders of 1844, who have never been able to earn sufficient revenue to pay interest on these bonds. It is very unlikely that these bonds will have any value; there is no market for them at all and while there is a possibility that some day there may be some small payment made if the Canal is liquidated it is so remote that we cannot say that the bonds have any value but are worth retaining for the possibility that there may be some day a payment made upon them.

Chicago Baking Co., Inc. Fla. 1936.
Chicago Bank of Commere. Chicago, Ill. Organized under Illinois laws in January 1930. The bank was closed on June 24, 1932 and Wm. L. O'Connell was appointed receiver. To January 1, 1935 depositors had received dividends of 10%. A report covering the period from date of closing (June 24, 1932) to Sept. 30, 1935 showed total receipts of $2,895,644; claims paid $758,645.; paid depositors 10% (431,-909.): due unsecured creditors $4,082,458.; remaining resources $6,061,963. Up to Sept. 30, 1935 the assets at their book figures were in excess of liabilities. It would be impossible at this time to determine whether the liabilities will be paid in full or any equity will remain for the stockholders, 12/17/1935.
Chicago Bank of Commerce (Chicago, Ill.). Charles H. Albers, Receiver of the above bank, located at 7 South Dearborn Street, Chicago, Ill. informed us as follows, on Dec. 16, 1936. "... relative to the value of the stock of the closed Chicago Bank of Commerce, I wish to advise that to date the Chicago Bank of Commerce has paid the following general dividends: 10% paid as of Dec. 12, 1934; 5% paid as of Dec. 17, 1935. Another general dividend of 10% will be paid before the end of this year (1936), which will make a total payment in all to date, of 25%. Liquidation of the assets is steadily continuing however, among the assets are considerable real estate mortgages and, of course, it depends upon the market as to how rapidly the liquidation of these mortgages will take place. To the best of my knowledge and belief, the assets of the closed bank will never be liquidated in sufficient amount to pay the liabilities in full, and consequently, I am of the opinion that the stock is worthless. Stockholders' liability suit is pending in the Chicago Bank of Commerce and for any information relative to this suit, I would suggest that you communicate with the receiver therein, Mr. John A. Whalen, 616 S. Michigan Ave., Chicago, Ill."
Chicago Bank of Commerce, Chicago, Ill. Supplementing our previous report of Dec. 21, 1936, Mr. Lawrence Nelson, Jr. of Schuyler, Weinfeld & Hennessy located in Chicago, Ill. in the Continental Illinois Bank Building informed us as follows on December 30th, 1936 "Mr. John A. Whalen has forwarded to us for reply your letter addressed to him under date December 21st, 1936, in regard to the stock of the Chicago Bank of Commerce. The Chicago Bank of Commerce was closed by order of the Auditor of Public Accounts of the State of Illinois on June 25th, 1932. A Receiver for the bank was appointed by the Auditor on June 28th, 1932. Several creditors of the Chicago Bank of Commerce filed suits for the enforcement of stockholders' liability on June 25th, 1932. The suits were consolidated and Mr. Whalen subsequently was appointed Receiver in the consolidated suit for the purpose of collecting the amounts found to be due from the various stockholders. Charles H. Albers is now the duly authorized and acting Receiver of the bank corporation which is in liquidation. The stockholders' liability suit is now pending before Master in Chancery as to those stockholders who appeared and defended the action. A default decree was taken against the other stockholders."

Chicago & Pacific Railroad. It appears that on May 22, 1876 an order was entered in the Circuit Court for the Northern District of Illinois appointing a Receiver for the Chicago and Pacific Railroad. The sale of the railroad took place about May 1, 1879 and was purchased by John I. Blair for $1,000,000. During the year 1880 the Chicago, Milwaukee, St. Paul & Pacific Railroad Company acquired the property of the Chicago and Pacific Railway, 89 miles from Chicago to Rock River, Ill. There is no reference in the records of the Chicago, Milwaukee & St. Paul Railway Company in regard to assuming payment of the first mortgage bonds issued October 1872 nor is there any reference to them in the recent reorganization. It is our opinion that the bonds have no value.

On January 8, 1910, the property was sold for $16,000,000 to the Baltimore & Ohio R. R. The above, together with cash and other receivables were sufficient to pay off the bonds at par and interest (Collect from the United States Trust Co., New York City.) Certificates of Propriety Interest received new securities at the above bank. Mr. J. J. Jenkins, Assistant Treasurer of the Baltimore & Ohio Railroad Company, located at Baltimore, Md. informed us on July 8, 1937, that his company has from time to time made purchases of the preferred stock of the Chicago Terminal Transfer Railroad Company.

Chicago Utilities Company. The Chemical Bank & Trust Company, New York City, informed us in 1935, that the assets were sold several years ago and the proceeds deposited with them to be distributed to the First Mortgage Series A 5% bonds with April 1, 1915 and subsequent coupons attached and Fractional Scrip Certificates, at the rate of $131.67 per $1000. bond.

Chicago-Virginia Gold Mining Co. Incorporated in Illinois on June 20, 1879 and was located at Orange County, Va. in 1880. It was reported in 1911 that the shares were without value. The number in Chancery is 3817. In view of the above we believe the shares are without value.

Chicago & West Michigan RR. First mortgage 5% bonds due December 1, 1921 and certain coupons due June 1, 1914, December 1, 1914, June 1, 1915 and December 1, 1915, have value.

Chicago, Wilmington & Vermillion Coal Company. The Chicago, Wilmington & Franklin Coal Co. located at 49 Federal St., Boston, Mass. informed us on Nov. 23, 1936 that this company went into receiver's hands in 1914 and its property was sold. The company was dissolved shortly thereafter and its stock, of course, has had no value since 1914.

Chicago, Wisconsin & Minnesota RR. First 6% bonds are worth $1100. per $1000. bond. Income 5% bonds received $925. per $1000. bond. 8% Imp. Notes received par. Preferred stock liquidated at $78. and common at $18. per share.

Chichuahua & Sinaloa Development Co. Company incorporated with capital of $7,000,000 par $100. each. Owned claims in Mexico. Officers: A. E. Stillwell, President; E. E. Holmes, Vice President; J. Crosland Taylor, Sec'y.; E. S. Mosher, Asst. Sec'y. Office in Kansas City, Mo. in 1908. No development work ever was done. The whole situation seems to have been a stock selling scheme. When the Kansas City, Mexico and Orient R.R. Co. went out of business it listed in its assets the Chihuahua and Sinaloa Development Company. When the entire assets of the railroad were sold the bondholders received little, if anything, on their investment. The mining property was practically worthless. In Dec. 1927, 25 shares sold at auction for $1. We submit the stock as worthless.

Chickasaw Refining Company. Value of Pfd. stock dated 1919. Incorporated under the laws of the State of Delaware in 1922 and was reorganized in August, 1922, as the Sante Fe Oil & Refining Company. Preferred stockholders received one share of new no par common for each 5 shares held, and were given the right to subscribe for additional stock at $2.25 per share. There was no provision made for the common stock which is entirely worthless. On January 23, 1926 it was reported that trading in the stock of the company on the New York Curb had been suspended. Shortly afterwards the company was reported out of business. The company had an office at 60 Broadway, N. Y. C. and a refinery at Ardmore, Okla. President, James A. Cotner; Treasurer, J. F. Sitler. Banks at Ardmore and Oklahoma City have no record of this company. We believe the shares are entirely worthless.

Chinese-American Investment Corp. (Del.) Value of 12,850 shares of Partly Paid Cap. Stk, No Par. Incorporated in Delaware on Dec. 11, 1925, and is located at 75 Federal St., Boston, Mass. The company informed us on July 16, 1937, that the balance sheet as of Dec. 31, 1936, showed that the company had 38 cents per share in cash and a 50% stock interest in the Chinese American Bank of Commerce, located in China, which is in the process of liquidation. It is expected that the Chinese-American Investment Corp. will be liquidated itself just as soon as the bank can be liquidated, but because of the involved situation in China, it is not possible to determine when the liquidation will be completed. The Chinese-American Investment Corporation considers the stock of no value. In view of the above, I submit 38 cents per share or $4,883. as a fair value for 12,850 shares as of January 8, 1937.

Ciego De Avila Compania Azucarera. Value of 6% bonds due 1931. The property underlying this bond issue has been sold under foreclosure and the proceeds of this sale were distributed to the outstanding bonds at the rate of $140.64 for each $1000. bond. In connection with this distribution there are only three bonds left: Nos. 2, 26 and 270 that have not received their pro rata share. As there is no more property underlying these bonds to be disposed of and the deficiency right being worthless, we submit the bonds stamped $140.64 paid as worthless. Cigar Machine Corporation of America. Incorporated 1911 in Delaware, to manufacture cigar making machinery, or rather to assemble parts made under contract by various outside machine shops. The company did no active business during 1917. It had headquarters at Baltimore, Maryland. There was no market for the stock at that time and was never very highly estimated. On November 28, 1925, 50 shares sold at auction at $2.50 for the lot. It is our opinion that the company failed before 1925, and the shares were worthless as of June 6, 1931.

Claflin, Geo L., Company. According to our records the above company is located at 150 Dorrance St., Providence, R. I. Company was incorporated on December 30, 1903 in Rhode Island and its charter has not been forfeited. Letters addressed to the company have not been answered nor returned.
Claflin, H. B., Company. Company was organized under the laws of New Jersey on May 5, 1890, as a successor to the wholesale dry goods firm of H. B. Claflin & Company. The authorized and outstanding capital stock amounted to $9,000,000. divided into three classes of stock as follows: $3,829,100 common, $2,600,300 first preferred, $2,570,600 second preferred. Par value $100. a share. A receiver was appointed for this company on June 25, 1914, and under reorganization plan dated Sept. 25, 1914, the Mercantile Stores Corporation and the H. B. Claflin Corp., were organized and acquired all the assets, etc., of the H. B. Claflin Company, sold at auction, on June 14, 1915. This was an enormous receivership requiring many months for liquidation, the result of which was that the creditors were not paid in full and the capital stock was wiped out. On February 19, 1916, 85 shares common sold at auction in New York for $40 the lot. On November 8, 1922, 37 shares of first preferred and 50 shares of common stock sold at public auction in New York City for $1. the lot and we do not attach any value to the capital stock.

Clara-Swansea Mining Company. We received the following letter dated July 9, 1937, from O. M. Souden, President of the company, located at Washoe County Bank Bldg., Reno, Nev: "The company was incorporated in 1936 in the State of Nevada, with a capital of $1,000,000 preferred stock and $2,000,000 common stock, $1. par value, all outstanding. This office is the stock transfer and operating office only. Practically all of the capital stock is owned in Europe. In view of the fact that none of the stock has been sold for a number of years, this office has no idea as to the market value of the stock.
"The property consists of 60 claims, 1200 acres, in Planet district, Yuma County, at Swansea. The ore consists of soft, red hematite with manganese-oxide and chloride, holding grains, and nodules of chal-

copyrite and pyrite. The ore bodies are replacement deposits in limestone associated with overlying shales and amphibolitic schist and resting on granite gneiss, all of pre Cambrain age. Developed by several shafts. Equipped with steam hoists, compressors, generators and pumps. American Smelting & Refining Co has a 15 year lease on the property and has erected a 250 ton flotation mill on the property to treat the low grade ore produced in the course of development."

Clark & Willow Street Corp. Incorporated in New York on February 18, 1931, and was located in New York City at 60 E. 42nd St. Mr. Henry E. Keogh of Swiger, Scandrett & Chambers of the above address acted as attorneys.

Clark Wireless Telegraph-Telephone Co. This company was organized and controlled by Thomas E. Clark, an electrical engineer of Detroit, Mich. It had a capital stock of $2,500,000. This company was one of the many wireless telephone promotions of Cameron L. Spear who was credited, it was reported, with being the organizer of the "sucker list" extensively used by stock jobbers. Like all of Spear's other promotions, this company is a bankrupt organization. This company was a subsidiary of the Continental Wireless Telephone & Telegraph Co. We know of no value to the stock.

Cleveland, Alliance & Mahoning Valley Railroad Company. We received the following letter from Milton C. Portmann, attorney, located at 600 Hickok Bldg., Cleveland, Ohio, and dated Dec. 14, 1937: "Your inquiry dated Dec. 7, 1937, addressed to the Central National Bank of Cleveland, in reference to the bonds of the Cleveland, Alliance & Mahoning Valley Railroad Company, has been handed to me for reply.
"I was receiver for that Railroad Company and handled the sale of all of the assets of the company to The Northern Ohio Traction Company. The Northern Ohio Traction Company paid $172,500. for all of the assets.
"This sum was insufficient to pay the preferred claims, particularly costs of administration, and the coupons held by The United Banking & Savings Co., which had not been paid when coupons to other bondholders had been paid. No bondholder received a dividend, and the bonds are wholly worthless."

Cleveland & Canton Railroad Company. The United States District Court, Northern District of Ohio, Cleveland, Ohio, informed us that the Treasurer of the United States hold $494.46 for two 5% Equipment Trust & Improvement bonds due 1917, with April 1, 1912 and subsequent coupons attached. This money was on deposit in the Registry of the above Court and was later turned over to the Treasurer of the United States on March 28, 1911. A petition should be presented to the above court accompanied by an Order. If the Petition is accepted, the Order will be signed and returned to you. Send the Petition and Order, together with the bonds to the United States Treasurer for collection. Certificates of Deposit for the above bonds received $932.27 on each $1000. certificate from the Bankers Trust Company, New York City.
Cleveland & Chagrin Falls Railway. The First 6% bonds due 1930, with Jan. 1, 1924, and subsequent coupons attached, have a decree value of $14.12 per $100. bond. Collect on unstamped bonds from the Guardian Trust Company, Cleveland, Ohio.

Clifford Exploration & Milling Co. Value of Certificate dated Sept. 16, 1912. Henry B. Clifton & Co. were reported as fiscal agents for the company. We searched our private files, mining books and mining engineering journals back to 1912 and found no record of the company's operations. It is our opinion therefore, that the company did not get beyond the development stage. We found no value to the stock and therefore believe the shares are without value.

Clifty Consolidated Coal Co. Incorporated in Maine and is an active corporation. The officers as stated in their 1935 return are as follows: President, Norman N. Fowler, Holyoke, Mass.; Treasurer, Edwin G. Rude, Springfield, Mass. Mr. Fowler informed us that in his opinion the common shares of this company are valueless. The company has a bond issue outstanding which Mr. Fowler stated will probably never be paid and also a preferred stock issue that rates ahead of the common. In view of the above we assume that the corporation's common shares have no value.

Climax Corporation, (N. Y.). This corporation is still located at Batavia, N. Y. "We understand that the company is in good condition financially and while business has been poor for some time and they have probably operated at a loss, their bank indebtedness has been cleared up and they are in a position to benefit with any improvement in farming conditions." (4/9/1934.)

Climax Corporation. Supplementing our report rendered on April 9th, regarding the Climax Corporation, a New York Corporation, we have received the following information. There was a Climax Corporation of Maryland, which indirectly obtained an option to purchase the stock of the New York Corporation. This option, however, was never exercised and nothing was ever paid on it. The Climax Corporation of Maryland is defunct, and believe the shares worthless.

Coahuila Mining & Smelting Co. of Delaware. Incorporated in Delaware and is no longer in existence, having filed dissolution proceedings on December 29, 1920. The 1920 annual report showed the following officer: Treasurer, Archibald Cattell, Chicago, Ill.
Coahuila Mining & Smelting Co. of Delaware. Supplementing our previous reports, we received the following letter from Mr. Cattell dated Oct. 18, 1935. "....in regard to Coahuila Mining & Smelting Co. of Delaware, beg to say that it is my recollection that the Coahuila Mining & Smelting Co. of Delaware was liquidated completely many years ago. Mr. Walter E. Parker was the substance of both the Coahuila Mining & Smelting Co. of Delaware and of Mexico. After he died, his office shipped the old books to me, but they being in Spanish are not of much use to me. It is my belief that all of the properties of the Mexico corporation had either been confiscated by or had reverted to the Government some time before Mr. Parker's death, except a small amount of personal property which I have reduced to cash and which I am holding until I can find some way of distributing it without it costing more to distribute than it is worth. In my opinion, therefore, the stock of the Delaware Company has no value and that of the Mexico Company substantially none."
Coahuila Mining & Smelting Co. of Delaware. We received the following letter from Archibald Cattell, of the firm of Cattell & Waldron, attorneys, located at Harris Trust Bdg., Chicago, Ill, and dated Oct. 20, 1937: "Answering your favor of Oct. 6th, relative to distribution of assets of the Coahuila Mining & Smelting Company of Delaware, beg to say that that corporation has no assets that I know of. The writer, as the former Treasurer of the Mexico corporation, has some cash in his hands which was dumped on him at the time of Mr. Parker's death. I have been trying to invent some way of getting rid of it, being thoroughly impressed with the notion that the C. M. & S. Co. of Mexico is as dead as it ever will be. I am not advised whether you had any stock of the old C. M. & S. Co. of Mexico."
Coahuila Mining & Smelting Co. of Mexico. Incorporated in Mexico in January 1902 and had an office at 614 Penobscot Bldg. Detroit, Mich. The company claimed to own land at Mapimi, Mexico. The revolution in Mexico stopped all mining in Coahuila and all mines were closed down in 1909. Secretary Walter E. Parker, 668 Penobscot Bldg., Detroit, Mich. We found no value to the stock and therefore believe the shares are without value.

Starnes, an attorney located at Union Investment Bldg., Pell City, Alabama, informed us July 22, 1936 as follows: I have made an investigation of this company which is now defunct and has been for several years. It is my information that members of the Alverson family originally incorporated this company, but within a short time they sold and disposed of the stock and all of the assets to Eugene Simmerman, who later organized several corporations in which the assets of this company were included, the last being the North Alabama Mining & Railway Co. Cobalt Central Mines Company. Company was incorporated under the laws of Maine in December, 1906, with an authorized capital stock of $5,000,000. par $1, at which time it was reported to have property located in Coleman and Lorrain Townships, Cobalt District of Canada. At one time the company had an office at 37 Wall Street New York City, where letters directed to the company have been returned by the Post Office Department marked "removed. left no address." We find the following sales of this stock at auction in New York City. 1911—April 20, 400 shares of 7½ cents per share. 1913—January 4, 2,800 shares for $20 the lot. 1915—March 21, 2,500 shares for $17. the lot. 1915—August 28, 3,500 shares for $30. the lot. 1924—April, 2000 shares with 6000 shares Mexico Consolidated Mining & Milling Company at $1 for the lot. In view of the above we do not believe the shares had any value as of May 13, 1931, and submit it as such as of that date.

Cobalt Contact Silver Mines Ltd. Incorporated in Toronto, Ontario. Officers in 1907 were: F. W. Davis, 44 Broadway, N. Y. C., President; E. S. Snow, 186 Webster Ave., Bklyn., N. Y. Secretary; H. M. Kaster, 44 Broadway, N. Y. C., Treasurer. Office Room 313 Continental Life Bldg., Toronto. In 1912 it was reported the company was not doing business and was wound up a considerable time ago. It would appear that the company has been inactive for a number of years and its stock worthless.

Cobalt Silver Queen, Ltd. We addressed a letter to the company at 615 Longe St., Toronto, Ont. on Nov. 23, 1936 and was informed on Dec. 9, 1936 that the company had been out of business since 1912 and that the shares have no value.

Coligny Restaurant, Inc. N. Y. 1934.
Colima Lumber Company. Incorporated under the laws of the State of N. Y., and was engaged in the lumber business. Mr. Lewis Cass Ledyard, Jr., informed us on Feb. 13, 1920, that the bankers for the company were Messrs Potter, Choat & Prentiss, since succeeded by Potter Brothers & Co. and now is associated with Munds, Winslow & Potter. At that time Mr. Ledyard was informed that the bonds and stock had no value. The property we understand was abandoned on account of the disturbances in Mexico and it was finally foreclosed and sold for an amount that was less than the receivers' expenses, leaving no equity for the bondholders.

Collins Wireless Telephone Co. Incorporated in 1903 under the laws of the District of Columbia to manufacture, sell and rent wireless telephones and other wireless apparatus through its sub companies, with a capital stock of $1,000,000. par $100. Full paid and non-assessable. The stock was originally issued to A. Frederick Collins for patents, $400,000 of which he turned over to the company for a nominal consideration to be sold to provide working capital for the company. The company's plant was located at Newark, N. J. and was equipped with machinery said to have been worth about $6,000. President A. C. Jessup; Secretary, C. B. Waltor; Treasurer, F. T. Davis. Max Loewenthal and A. Frederick Collins were the technical directors. Thousands of people in this country and Cape Town, Africa, poured their savings into this company which had a very disastrous ending. The Company was taken over by the Continental Wireless Telephone & Telegraph Company. The officers of this company were brought to trial before Judge Hunt in the criminal branch of the United States District Court in New York City. The indictment was the result of an investigation by the post office authorities into the affairs of the company. The trial lasted two months and a jury found some of the officers guilty. We know of no value to the stock.

Colorado Springs & Cripple Creek District Railway. The property of this company was foreclosed and sold in 1922 for $375,000. Any funds that may be available for unstamped bonds or certificates are probably held by the New York Trust Company, Trustee. It was reported in 1923 that the Committee had paid $650. on each $1000. bond.

Colorado Springs Electric Company, Colo. Springs, Colorado. Under the reorganization plan of May 29, 1925, the First 5% bonds due 1920, received $900. per $1000. bond. According to a letter received from the United States District Court, Denver, Colorado, dated 1931, funds for the above bonds are on deposit at that court, or may now be in the hands of the U. S. Treasury. These funds are always obtainable upon making proper claim to the court.

Colorado Springs Light, Heat & Power Company. Funds for the bonds of this company are on deposit with the United States District Court, Denver, Colorado.

Colorado State Mining Co. Incorporated in New York about 1876 and had an office in New York City. In 1911 the company was reported as extinct and the stock as worthless. Therefore, we submit the shares as having no value.

Colorado, Wyoming & Eastern Railway Co. The Laramie, North Park & Western Railroad Company, located at 15 Broad Street, New York City, informed us on April 4, 1930, that no provision was made for the General Mortgage Income 6% bonds of this company in the reorganization except upon payment of an assessment. Therefore, there was no equity left for the capital stock which is entirely worthless. The charter of the company was forfeited on Sept. 17, 1929 and has not been renewed. In view of the above we submit the common stock as worthless.

Colorado-Yule Marble Company. The First 6% bonds dated 1905 and due April 1, 1920, have a decree value of $1180.98 per $1000. bond. Collect from Chas. R. Enos, 319 Colorado Bldg., Agent for Pat Hanlon, Sheriff of Gunnison County, Colorado.

Columbus Buckeye Lake & Newark Traction Company. We received the following letter from Mr. M. S. Altemose, Asst. Secretary of the Fidelity Philadelphia Trust Company, Phila., Pa. dated Dec. 14, 1937. "In reply to your inquiry of December 13, in reference to Certificates evidencing the deposit of Columbus, Buckeye Lake & Newark Traction Company 5% bonds, we would advise you that from our records it would appear that under date of April 4, 1925, a circular letter was sent by mail to all depositing bondholders advising them, for the last time; that the assessment of 2% was due upon their deposited holdings and that in the event of their failure to pay the assessment of $20. per $1000 bond, the same would be sold at private sale, on April 10, 1925. That day being a legal holiday in Pennsylvania the sale was made on April 11, 1935 to Day & Zimmermann, Inc. of $136,000 par bonds upon which no assessments were paid by the original depositors, which bonds were immediately redeposited by the purchasers and the original depositors were notified of such sale and further informed that the Certificates of Deposit which th y held were of no value. As you did not mention the number of the Certificates to which you referred, we cannot tell whether or not the Bond represented thereby was included in the above sale." "Under the Plan of Reorganization depositing bondholders were offered their choice of one of the following options, upon payment of the assessment of 2%. 6 shares par $100, Common Stock Voting Trust Certificates Southern Ohio Public Service Company, or Subscribe to 25% of each $1,000 old bond, ($250. par @ 93. or $232.50 and receive in consideration of such subscription—$250. par 1st Mortgage Bond Southern Ohio Public Service Co. $250. par (2½ shares) Pfd. Commercial Mining & Milling Co. First Mtge. 20 yr. 6% gold bonds. These bonds are dated March, 1911 and due March 1, 1931. Companys circular of 1911 stated that these bonds were a first mortgage on all the property of the company now owned or to be acquired consisting at that time of 6,320 acres situated in the Pocahontas Coal Field of West Virginia, together with certain timber property. This company was a coal mining promotion which we understand purchased its charter in 1903. These bonds were offered for sale by the company and by E. B. Staggers, trustee in 1911 at par and interest. At that time, E. B. Staggers, the trustee, was located at 1420 Chestnut St., Phila., Penna. but no trace of Mr. Staggers at that address can be found by representative. At the time these bonds were offered for sale A. E. Woods, mining engineer, reported in part as follows: "the property consisted of a coal and timber tract of about 6,320 acres along the top of Pine Mountain Range, in McDowell County, W. Va. He estimated the coal under the tract as 44,000,000 tons and the lumber as 20,000,000 feet of board measure. Also that the property was not reached by a railroad. At the

time the bonds were offered for sale we reported that no earnings are obtainable and we should think from the general outlook of things that this could be a good proposition to steer clear of". No trace of the company can be found for several years and bankers of McDowell County, W. Va. state that they never heard of this company nor Pine Mountain Range and that they do not believe any such range of land exists. It is our opinion that the bonds are worthless.

Commonwealth Mining Company. Incorporated January 8, 1924 in Arizona and their present address is in care of Wm. Westover, Yuma, Arizona. It is reported that the company owns 6 claims, 120 acres, on Harcuvar Mountains, Ellsworth district, Yuma County, Arizona. Copper is the principal metal, but gold and silver are present; ore assays 8 to 15% copper. The last reports were that the company did some development work in 1926 and 1927 and have not reported any activity since. It is our opinion that the low price of copper has prevented the company from making any progress. There is absolutely no market for the stock, and do not believe the stock had more than a nominal value as of June 6th, 1931.

Connecticut Mills Company. Incorporated on March 16, 1916, in Massachuetts to manufacture cotton duck fabric for automobile tires. At the annual meeting of the stockholders held on the 5th day of April, 1932, it was discussed whether the company should dissolve and the question of authorizing the board of directors to sell, lease or exchange any or all of the property and assets of the company, including its goodwill upon such terms and conditions as the board of directors might deem expedient. To this end the stockholders entitled to vote on the question authorized the directors at an adjourned meeting to sell, lease or exchange all of the property and assets of the company, including goodwill, upon such terms and conditions as the board might deem expedient. The following is a copy of the General Balance Sheet of the company as of December 31, 1932, and January 2, 1932, as filed with the Massachusetts Commissioner of Corporations:

ASSETS

	12/31/32	1/2/32
Property and Equip.	$714,168.	$714,473.
Part Payment on Real Estate	66,250.	60,000.
Cash	23,143.	68,092.
Inventories	12,828.	23,611.
Securities	244,314.	227,518.
Unexpired Insurance	1,642.	2,777.
TOTAL ASSETS	$1,062,345.	$1,096,471.

LIABILITIES

Accounts Payable	$ 28,137.	$39,585.
Accrued Expenses	131,767.	17,676.
TOTAL LIABILITIES	$159,904.	$57,676.

Having failed to lease the property, the company after long and tedious negotiations, made settlements with all of its principal creditors as follows:
1. The machinery in the Decatur Mill, together with the company's interest, if any, in the mill property, were released to the Textile Realty Company, Inc., and a confirmatory deed and bill of sale was later given to the Goodyear Decatur Mills (the purchaser at the bankrupt sale of Textile Realty Co. on Oct. 29, 1933) in consideration of releases from all claims against the company.
2. The lands, tenements and machinery of the company then remaining were transferred to the trustee under the mortgage securing the bonds of the Taunton Cotton Mills Co. in consideration of the cancellation and discharge of all the company's obligations under the lease of the Taunton Mill property, thus discharging an obligation amounting as of December 9, 1933 to $72,151.25.
Mr. H. L. Burrage, President of the Connecticut Mills Company stated on January 22, 1934, in his letter to the stockholders, that all of the transactions referred to in the next preceeding paragraph were authorized or ratified at adjourned meetings of the stockholders held August 29, November 14, and December 18, 1933. Upon the consummation of all of these transactions, the last of which took place on December 30, 1933, it became apparent that all of the assets of the company had been or would necessarily be exhausted forthwith in the settlement of its obligations and winding up expenses. The stockholders accordingly voted at the adjourned meeting held December 18, 1933, to dissolve the company and directed its officers to wind up the affairs of the company, and Mr. Burrage further stated in his letter, that it is his opinion that the stockholders' stock in the Connecticut Mills Company for the purposes of their income tax returns became worthless in the calendar year 1933. As none of these transactions or the agreements leading up to them were made or agreed upon prior to 1933, so that the ultimate result could not have been ascertained before 1933, it would appear that the stock did not become worthless in any prior year. The Company's balance sheet as of December 31, 1932 showed ample equity for the stock, as the January 2, 1932 balance sheet of the company did not vary much from the December 31, 1932 statement, which showed the company's condition before it had any intentions of dissolving. It is my opinion that the capital stock of the Connecticut Mills Company first became worthless in the calender year 1933. There is independent authority confirming the above in the following Federal ruling: "But where an insolvent corporation owns certain assets and the sale of such assets and the final liquidation of its business are not completed within the taxable year, no loss is deductible in that year."

" " 2nd " ..... 1,250,000.
In 1880 the road was operated by trustees for 1st mortgage bondholders. The road was sold under foreclosure on July 1, 1880 to Hartford & Conn. Valley Railroad. The first Mortgage bonds of the Connecticut Valley Railroad were convertible into stock of the new company. There was no provision made for the old stock.

Consolidated Smelting & Metals Corp. 3553 Wazee Street, Denver, Colo. With reference to your letter of February 18, the above company is at present engaged in a program of mill construction at Idaho Springs, Colorado, for the purpose of treating ore from its Black Eagle Mine located in the same township. The Company is also drilling for oil at Haswell, Colo. having a well down to a depth of approximately 19,000 feet with strong gas pressure showing. In our opinion a well will be brought in at this location. The corporation owns outright fourteen silver properties in Clear Creek County, Colo. on two of which there are mills, one of 250 tons daily capacity, and the other 75 tons daily capacity. These mills at the present time are not in operation because of the fact that the low price of silver will not permit making a profit. Should the prices of silver, lead and zinc rise to a normal figure, these mines would start operation immediately as they have been kept in first class shape and most of them have past production records of many millions. The company is thoroughly solvent and has no debt except current expenses which are being taken care of promptly as they become due. (1936.)

Continental American Bankshares Corp. Incorporated in Delaware and was located at 43 Exchange Place, N. Y. C. Mr. I. C. Holm, of N. Y. C. former Secretary of the company informed us as follows: The Control stock of the above corporation was sold by the interests with which I was associated on or about Oct. 3, 1930 and it was my understanding that the same was acquired by S. P. Woodward & Co. through a nominee. On that date, I with the other then directors and officers resigned and since that time I have had no connection with this corporation, other than as a stockholder. I have no knowledge of the officers of the corporation subsequent to my resignation as secretary but I am informed by the New York Attorney General's office that considerably after the above, the new officers and directors purchased the equity in some apartment house in Brooklyn and that these were subsequently foreclosed resulting in the insolvency of the corporation. I am also informed by the Attorney General that he started an action by the People of the State of N. Y. against S. P. Woodward & Co. and the new officers and directors in the Supreme Court, Kings County, on or about June 5, 1933 based on the above transaction but that the case never came to trial. As a stockholder in the above company I have come to the conclusion that the corporation is insolvent and that the stock is of no value and I have accordingly dropped the stock which I purchased at the organization of the company and prior to my becoming secretary. C.; Vice Pres., Paul Zens, 70 E. 45th St., N. Y. C.; Treasurer, W. M. Pettis, 70 E. 45th St., N. Y. C.; Director, H. D. Williams, Pittsburgh, Penn. The charter of this company became void on April 1, 1933. The company filed its last report in 1932. Letters addressed to the above men have not been answered nor returned. We found no value to the stock and therefore believe the shares are worthless.
Continental Brake Shoe & Equipment Company. Supplementing our previous report on this company the following report was received from our correspondent in Pittsburgh, Penn. While we have no file information available on this organization, we are advised from a responsible source that this company as organized, owned nothing but a patent on a brake shoe. The patentee died before the company became active and as a consequence, the organization dissolved forthwith. The subject is out of existence at the present time and we are advised that its stock has no value.

Copp Realty Company. Fla. 1936.
Copp Sales Company, Inc. N. Y. 1935.
Copper Belle Mining Company of Arizona. Incorporated under the laws of Arizona and formerly had an office at 43 Wooster Street, New York City. A letter to a former officer of the company, in 1917, reported that the company has been practically out of existence for six years—the property having been sold to satisfy a mortgage and that the stock was worthless. In view of the above we submit the shares as worthless.
Copper Canyon Mining Co. Located at 25 Broad Street, N. Y. C.
Copper City Consolidated Co. Incorporated in Arizona in 1911 and filed no reports since 1912. The corporation lost its charter on Oct. 16, 1928. The Statutory Agent was C. K. Akers of Phoenix, Arizona. The shares in our opinion are without value.
Copper City Market, Inc. N. Y. 1935.
Copper Corner Screen Company. Fla. 1936.
Copper Falls Mining Co. Idaho 1935.
Copper Hill Realty Co. Inc. N. J. 1935.
Copper Issues Company, Inc. Incorporated in New York and was located at 41 Wall Street, New York City, in 1917. President, Paul E. Tuthill; Secretary, G. A. Ferguson. Mr. Paul E. Tuthill, an attorney, and former President of the company, located at 84 William Street, New York City, informed us on April 4, 1938, that he does not believe the stock has any value, market or otherwise whatsoever. The company lost its charter on December 16, 1929.

Copper Process Company. Incorporated in West Virginia on July 1, 1919 and was located at 18 W 44th St., N. Y. C., and Morgantown, W. Va. The corporation was dissolved by decree of court on July 8, 1924. We searched our records back to 1919 and found no record of this company. Apparently the process was a failure. The shares in our opinion are without value.
Copper Products Corp. N. Y. 1935.
Copper-Queen-Tunnel Company, Inc. Del. 1935.
Copper Range R. R. First Mortgage bonds due 1949, under plan, are to receive 10 shares of preferred stock and 5 shares of common stock for each $1000. bond. Exchange made at First National Bank, Boston, Mass.
Copper River Mining Company. This company was organized under the laws of Arizona for the purpose of developing property located in Alaska. It sold $50,000,000. worth of stock and was subsequently reported as a stock jobbing swindle. We therefore believe the stock is without value at the present time.

Coral Chemical Company, Inc. The Buffalo Better Business Bureau informed us on June 2, 1937 as follow: "The subject firm is a New York corporation, which secured its charter, March 23, 1922, with capital amounting to $60,000 consisting of 12,000 shares, all common, at $5.00 par. According to records in the County Hall at the time of incorporation, $34,500 was paid in and the directors were given as follows: Reginald H. Robinson, James T. Penfold, George D. Fogarty, Stephen V. O'Connor, John D. McNamara. On February 10, 1926 the subject firm filed a certificate to increase its capital stock and number of shares to $200,000 and 40,600 shares respectively. This certificate was signed by Fred A. Ringueberg, President, and Reginald H. Robinson, Secretary. A proclamation to dissolve the corporation was issued on December 31, 1935 for failure to make payment of corporate taxes. We have been unsuccessful in our attempt to contact any of the above individuals, but do know that Fogarty is at present serving time in a New York State Institution for having misappropriated funds while in the employ of the county." We found no value to the stock and therefore believe the shares are without value.

Cortland Hat Company, Inc. N. Y. 1935.
Cortland & Homer Traction Company. Incorporated in New York State to operate the Cortland & Homer Street Railway at Cortland, New York. The funded debt amounted to $300,000. The Cortland County Traction Company was organized June 22, 1901, to take possession of the property of the Cortland & Homer Traction Company, which was placed in the hands of a receiver October 15, 1900. A sale was held April 23, 1901, and the property was purchased by a committee of bondholders for $50,000. in their interests, and the new company was formed to operate the road. At this rate the bondholders only received about $100. per $1000. bond, leaving nothing for the stockholders. It is our opinion that the shares are worthless.

Coshocton & Southern Railroad Company. Value of 6% Five Year Congovit Notes. We received the following letter from the First National Bank of Boston, 17 Court St., Boston, Mass., signed by Mr. A. F. Hayden, Vice President and dated March 30, 1938. "With reference to your letter of March 29 regarding the above described Notes, advise that the old records of the International Trust Company available indicate that the Railroad referred to was a part of the Cleveland & Canton Railroad Company system which became financially involved in 1893, Mr. J. E. Wardwell of Cleveland, Ohio, and Mr. Frederick Swift of New Bedford, Mass., being appointed as Receivers. The International Trust Company acted as Trustee under an Indenture securing First Mortgage 5% Bonds of said Railroad Company dated July 1, 1887, due July 1, 1917, but did not act as Trustee under any indenture covering the Cognovit Notes, but probably acted as Paying Agent, disbursing on instructions of the Railroad Company such funds as they provided, and did not at the time of the consolidation of said Trust Company with this Bank hold any funds to pay any obligations of said railroad. While the records are not entirely clear, it is probable that the property covered by the mortgages of the Cleveland & Canton Railroad and the mortgages securing the underlying bonds of the System were foreclosed through receivership and the proceeds of the sale available for distribution, either handled by the Receivers or by the Circuit Court, as no funds were delivered to the International Trust Company for pro rata distribution to the respective bondholders. Of an authorized issue of $600,000 of the First Mortgage 5% bonds outstanding in 1893, $413,000 principal amount were held by a Bondholders' Committee representing bonds of the System and at one time the International Trust Company was advised that the Bondholders' Committee would pay $250 for each $1,000 Coshocton & Southern Railroad Co. Bond, which would perhaps indicate the probable value at the time of offer and also indicate that if the proceeds of the foreclosure sale were not sufficient to pay the first mortgage 5% Bonds in full, the Cognovit Notes were without value. It is possible that an inquiry addressed to the United States Circuit Court, Northern District of Ohio, Eastern Division, may obtain for your client some definite information as to the payments made by the Receivers.
Coshocton & Southern R. R. Clarence E. Sanders, Special Master, it was reported, distributed the proceeds of the foreclosure sale at 808 Perry-Payne Bldg., Cleveland, Ohio. The funds are now probably in the United States District Court at Cleveland, Ohio.

Cramp Steel Company Ltd. Incorporated in May, 1900 and was located at Collingswood, Ontario. We understand that the company did not meet with success, owing, so it is stated, to a lack of conservative management, and finally ran into debt to such an extent that the property was bought in by the men who had advanced money. A reorganization became imperative and the Northern Iron & Steel Co. Ltd. was organized to take over the property. However, we were advised by Mr. W. A. Copeland, of the Collingswood Branch of the Bank of Toronto, that the Northern Iron & Steel Co. Ltd. never opened for work, and that several years before 1916 the plant and property were sold under foreclosure and there was no equity left for the preferred or common stockholders.
Cramp, William, & Sons Ship & Engine Building Co. Incorporated in Pennsylvania on March 26, 1872 and is inactive. The following is a statement of condition of the company as of December 31, 1933:

ASSETS

Cash & Receivables	$ 2,409.98
Notes Receivable	24,613.33
Proceeds sale of Assets (Pledged under first mortgage)	167,050.00

General Reserves & Unclaimed Wages	24,271.94
	$7,335,261.62

The company reported as of December 31, 1933 that its land and buildings were for sale or rent. In an interview with the Treasurer of the company, I was informed that as of December 31, 1933 no definite proposals had been advanced to that date which would have warranted their participation in any plan of reorganization. It was the company's con-

tention that if they had rehabilitated as of December 31, 1933 it would have necessitated their raising $1,000,000 in cash and obtaining a loan of $2,000,000 from the R. F. C. These funds would have been used to pay the prior liens of $1,502,329.63, which represented taxes and the first mortgage; purchasing new equipment and furnishing working capital. The General Mortgage bondholders would have been given common stock in the reorganization which would have been subject to preferred stock that was to have been issued to the interests furnishing the $1,000,000 and first mortgage bonds to the Reconstruction Finance Corporation. The public, however, was not so optimistic about shipbuilding at that time, and all efforts to rehabilitate on the above basis failed. Nothing but another war would have made the company's property worth its book figure. It is my opinion that there was no ready market value for the company's property as of December 31, 1933 except at far below what was considered its intrinsic value. The value of property or anything else for that matter, is the present worth of the income or benefits that accrue from it. The company's dormant state and future prospects were reflected in the market price of the General Mortgage bonds as of December 31, 1933 at a figure of 1% or $10 for each $1000 bond.

Crane Shale Oil Corporation. Incorporated in Nevada on Nov. 12, 1917 and is now delinquent in the amount of $7.50 for failure to file list of officers and pay penalty for 1934 and 1935. The last reported officers were: President, C. T. Stevenson, 248 Hill St., Reno, Nevada; Secretary, J. B. Humphrey, 206 N. Virginia St., Nevada. Mr. Stevenson, reported to us on June 26, 1935 that the property of this corporation is mortgaged in the sum of $42,123.73 as collateral security for the note of the corporation. All efforts to dispose of the property have failed and the prospect of doing so in the near future is far from favorable. It is therefore our opinion that the shares have little if any value, at this time. (7/1935.)

Creditors Holding Company. This company is being liquidated by Oscar W. Swift of Watson, Kristella & Swift, 68 William St., New York City. Mr. Swift informed us on May 6, 1937, that he has paid stockholders about 31% in liquidation, and the only remaining asset consists of a lead mine in Canada. The company is paying taxes on the mine which is in charge of a caretaker. When the company sells the mine the stockholders may receive a final dividend equal to about one half of 1%.

Cremieux Benevolent Society. Superintendent of Insurance Louis H. Pink on Feb., 1, 1937 took over for liquidation the above company. The society has been continously in business here since its organization in 1851 by a group of immigrants from Alsace-Lorraine. The society remains solvent, but is disbanding voluntarily because of a decline in its membership to 110 policyholders and a rise in recent years in the cost of insuring its members. Its remaining assets have been reduced to cash and its trustees have voted unanimously for liquidation.

Crescent Mining Co. (N. Y.). A few years ago Frederick P. Fowler, formerly president of the company resided at 114 Prospect Place, South Orange, N. J. According to the County Treasurer of Leadville, Colorado, taxes are being paid in the name of this company by Ezra D. Dickerman, Leadville, Colo. (1936.)

Crescent Mining Company. (N. Y.) Mr. Frederick P. Fowler, formerly President of the company, located at 114 Prospect Place, South Orange, New Jersey, informed us in January 1937, that the company was indebted to the Catalpa Mining Company for a large amount. Mr. Fowler considers the stock worthless. Mr. Ezra D. Dickerman, Supt. of the mine informed us in 1936 that he has been paying taxes on the property for several years hoping at some time the mines will be reopened.

Crex Carpet Company. The company filed a voluntary bankruptcy petition on Feb., 11, 1935. On April 25, 1936, it was reported that Raymond L. Horan, Trustee, of St. Paul, Minn. was liquidating the company's assets. The Governnment is probably correct in disputing the claim for a loss taken in 1936. The company was probably adjudicated a bankrupt in 1935. However, we suggest your writing the trustee for a copy of their balance sheet as of Dec., 31, 1934, and if it shows a book equity for the stock as of that date, the stock became worthless in 1935.

Croyden Consolidated Mines Trust Ltd. Incorporated in June 1903 under Queensland laws and carried on an investment business in mining companies. The company was located at 2 Broad St. Place E. C. London, England in 1906. A dividend of 1s was paid in 1905. Company was succeeded by United Properties, Ltd. (10/21/1935.)		
Croyden Consolidated Mines Trust Ltd. Supplementing our report rendered on Oct. 21, 1935 the Atlas Corporation Ltd. located at 109 Pitt Street, Sydney, Australia informed us that this company was wound up and dissolved years ago so that any outstanding shares are valueless. In view of the above it is our opinion that the United Properties, Ltd. stock was received in exchange for the shares held in this company and as all the stockholders of record of the subject company received their stock of the new company, the old shares have no further value.

Cullen Iron Manufacturing Co. Incorporated in Minesota on Aug. 8, 1902 and was located at Duluth, Minn. On Feb. 15, 1910 the company changed its name to the Standard Steel Company. This company had a period of 30 years from Aug. 7, 1902 and as no renewal has been filed the company expired by limitation. We searched our "Iron & Steel" books back to 1908 and found no record of this company's operations. It is our opinion that the shares are without value.

Curtis Manufacturing Co. Incorporated in Delaware on April 2, 1931 and is no longer in existence, having become inoperative and void on April 1, 1934, for non-payment of two years taxes. No annual report was filed showing the names of the officers. About Sept. 14, 1932 the stock was suspended from the New York Curb Exchange. On Sept. 18, 1932 there was an article in the New York Tribune dated at Hollywood, Calif. Sept. 16th, to the effect that "W. B. Hambly, President of the company, announced the intention of the company to establish priority rights on letters patent owned and controlled by it on all flexible engine and transmission mountings on passenger cars and commercial vehicles. We have evidence in our office to prove that the whole venture was a stock selling scheme. The Anglin's Financial & Economic Service Inc. sold the stock." The Department of Justice reported on Nov. 14, 1933 that this concern was under investigation by the Post Office Dept. and their information was that the company was out of business. The Better Business Bureau reported on Nov. 21, 1933 that their Long Beach Office failed to find this company. The shares apparently became worthless in 1932 when the trading in the stock was suspended. However, although the shares had a market on the curb in 1932, it would probably have been very difficult to find any assets to justify the quotation.

Cuyamaca Company. Incorporated in March 24, 1904 and is no longer in existence, having become inoperative on Feb. 5, 1908. The company filed its last report in 1904. President, E. B. Tustin, Bloomsburg, Penna. We received the following letter from Mr. Tustin: "Regarding the Cuyamaca Company, I owned and controlled about all the stock; very little of the stock was sold. I put up about $300,000. in payments on the properties and development work on the old Stonewall mine, which was on the Cuyamaco Ranch Property. About 20,400 acres, 60 miles east of San Diego. Before I could carry out my plans I was caught in the panic and could not raise the $86,000. balance of the purchase money mortgage. The California interests finding out I was embarrassed foreclosed the mortgage and took the property away from me. About a year later they offered to give it back to me for the balance of $86,000. on the mortgage plus a $150,000. bonus. I refused. That was about 30 years ago and I have lost track of the properties."

Dahlberg Co. (Del.) Succeeded by Dahlberg Corporation of America. It was reported that there was an exchange of stock.

Dahlberg Corporation of America. We received the following letter from the Better Business Bureau, 111 West Washington Street, Chicago, Ill. signed by Robert N. Smiley and dated Nov. 30, 1937. "As you probably know the above concern was incorporated in Delaware, but was licensed in Illinois as a foreign corporation on May 7, 1929. The Illinois Certificate of Authority was revoked on November 15, 1931. The last annual report filed February 26, 1931, shows the officers and their addresses as B. G. Dahlberg, President, The Celotex Company, 919 North Michigan Avenue, Chicago, and J. M. Erickson, Secretary. We talked to Mr. Erickson who says that he was not an official of the company for about six years, but was reinstated March, 1937. He did not know the exact reason for the revocation of the certificate in Illinois, but presumed that it was some franchise tax matter which could be remedied by paying the tax." "According to

Erickson the Dahlberg Corporation has been inactive for several years. It was principally a holding company owning common stock in three concerns these being the Southern Sugar Company, the South Coast Corporation and the Celotex Company. The holdings consisted principally of common stock, but Erickson was unable to say exactly what the stocks were, this information being in the possession of Mr. Dahlberg who is not in town at present. No reports on the company have been issued for some time, and Mr. Erickson says there probably will be none until a Federal Income tax matter which is in dispute, and has been in dispute for five years, is finally settled. There are two vice presidents of the company one is T. A. Burt who lives in Urbana, Ill. and the other is R. H. Goddard of Chicago." "As you may know the South Coast Corporation was reorganized under Section 77B of the Bankruptcy laws in a Federal Court for the Western District of Louisiana, effective July 13, 1935. The Celotex Company was reorganized in Federal Court at Wilmington, Delaware, under Section 77B effective September 30, 1935. While we are somewhat familar with the reorganization plans as they are set forth in statistical manuals, we do not know the exact holdings of the Dahlberg Corporation of America and hence do not know what stock it obtained in the reorganized companies. The Southern Sugar Company was also reorganized in 1931 at Clewiston, Florida, but was not under Section 77B."
